# NOTED FRENCH ENVOYS ARRIVE SAFELY IN U. S. FOR PARLEYS

## British Army Pounds Ahead | Escondido Dam Is Dynamited

### BIG WEDGE IS THRUST INTO FOE DEFENSE

St. Quentin Canal Is Reached By Haig and He Captures Three More Villages

DEFENSE TACTICS OF GERMANS ARE CHANGED

Kaiser's Men Quit Building Elaborate Trenches, Use Shell Craters

LONDON, April 24.—Field Marshal Haig gained more ground in the resumed British offensive today. "We made further progress to the east of Monchy Le Preux and Rosux," the statement said. "To the south of the Bapaume-Cambrai road we gained ground on a wide front. To the east of Epehy we reached the St. Quentin canal in the neighborhood of Vendhuile. We also captured the villages of Villers Plouich and Beau camp."

The greatest gain which the British push achieved today was in the thrust against the Cambrai-St. Quentin line. Haig's report curiously mentioned his forces had reached the St. Quentin canal in the neighborhood of Vendhuile.

(The St. Quentin canal runs near Le Cateau on the Escaut river, almost parallel to the Cambrai-St. Quentin road southward to the last named city. Vendhuile is located directly on the canal ten miles south of Cambrai.)

British Invest Town Villers Plouich has been so closely invested by British troops for four or five days that its capture was certain. Beaucamp is just adjacent.

(Trescault, Beaucamp and Villers Plouich lie about a mile apart on a straight line seven and a half miles southwest of Cambrai.)

(Trescault was occupied by the British yesterday. All three towns lie just to the south of Havrincourt, where some of the hardest fighting on the British line has been proceeding.)

While Haig was achieving his victorious thrust at the Cambrai-St. Quentin line there was no diminution in the power of smashing away at the Germans to the east of Monchy Le Preux. Rouex, captured today, is on a line with Gavrelle, taken yesterday, and is eight and a half miles distant from Douai.

The second stage of England's great push now on, is developing the fiercest fighting of the war. Front dispatches today emphasized the fact that the element of surprise now no longer enters into the attacks of Haig's men; that the enemy has been preparing for desperate defense no less than the British forces during the week have been planning for overwhelming attack. But despite the German defense, steady gains are being registered by field Marshal Haig's troops.

### BRITISH ON TIGRIS SEIZE VAST BOOTY FROM ROUTED TURKS

LONDON, April 24.—Occupation of Samarra station and a vast haul of supplies from the defeated Turks was announced in an official statement today. "We occupied Samarra station early yesterday," the statement said. "Our captures include sixteen locomotives, 224 railway wagons and two barges containing munitions. "The enemy casualties were heavy."

Samarra station is sixty-five miles northwest of Bagdad and is an important center, located on the Tigris river.

hinted at momentum being under way for a drive at some other point on the British front than in this Lens-Douai-Cambrai sector.

Lens is now more than half enveloped by the British advance. If Haig chooses he can occupy the coal city with probably a single strong blow.

### BRITISH ATTACK FAILURE, CLAIM OF GERMANY

Retreats Held to Be In Line With Plan of Keeping the Fighting Line Moving

BERLIN, April 24.—That Britain's attacks on the western front have failed was the declaration of an official statement issued by the war office here today.

"England's might has suffered sanguinary defeat through the foresight of German headquarters and our troops' tenacious desire for victory," says the statement.

"One military critic says: "The entente's heaviest attacks have failed; German yielding at certain points has been in line with a definite plan of keeping the fighting line moving."

FRENCH HOLD GRIP ON CONQUERED LINES

PARIS, April 24.—General Nivelle's troops are holding positions he wrested from the enemy in last week's great offensive movement despite all German counter attacks.

The official statement of today mentioned a number of these German assaults designed to shake the French grip on their lines, all of which were repulsed. A number of scattered actions are reported.

### 8 TEUTON TARS HELD IN L. A. FOR PROBE

LOS ANGELES, April 24.—Eight German sailors are being held today for investigation, following their removal from vessels in Los Angeles harbor by federal officers. Six of these were taken from the Standard Oil tanker Richmond, here from Balboa. Two others, William Hess and Jens Matson, both escaped from interned German ships, were taken from the Norwegian steamer Regulus, where after shipping from San Francisco to British Columbia, they attempted mutiny on the southward trip.

### L. A. TIMES SUED FOR \$100,000 DAMAGES

LOS ANGELES, April 24.—Damages to the extent of \$100,000 are demanded in a suit on file today against the Times-Mirror Company and its G. Otis, in which Paul Herriot, private secretary to Senator Hiram Johnson, declares an editorial in the Los Angeles Times has injured and continues to injure his reputation. The editorial, it is alleged, insinuated Herriot intended to sell the services of himself and Johnson to lobbyists in Washington.

### TEUTON PASTOR HOLDS 'AMERICA' IS PRAYER

DENVER, April 24.—The Rev. S. R. S. Gray, vicar of the Emmanuel Episcopal church of this city, considers "America" a prayer to the Deity in behalf of the nation.

### DOMINATION OF 'GAS' INDUSTRY BY STANDARD OIL CHARGED

Federal Trade Commission In Report to Senate Indicts Petroleum 'Octopus'

WASHINGTON, April 24.—That Standard Oil interests substantially dominate the gasoline industry was the finding of the Federal Trade Commission, transmitted in its report to the Senate today.

Refining, pipe-line transportation and marketing of the finished product, the commission declares, are controlled by the "oil octopus." Real competition does not exist between the various Standard Oil companies because of interlocking stock ownership through majority share holdings by identical interests, the report says.

Despite the dissolution of the so-called "oil trust" by the supreme court, the commission has concluded that Standard Oil domination has a "fundamental bearing" on gasoline prices, declared to have been arbitrarily increased.

Urges Legislation Legislation to meet the conditions is strongly recommended by the commission. With this in view all evidence and findings have also been transmitted to the attorney general for action.

Standard Oil refineries produced more than 60 per cent of the gasoline produced in 1915, sold about 65 per cent of that marketed and held more than 70 per cent of all gasoline stocks. Wholesale prices rose 75 per cent in 1915; the report says, and retail prices also soared. Demand increased 38 per cent and production nearly as much, showing that the advance in price was only partially due to increased demand. The books of the company show enormous profits were earned.

The principal findings of the commission are: "That Standard Oil companies dominate a majority of marketing territories.

Work in Harmony "That no substantial competition exists among the several Standard companies.

"That the absence of competition is due to a community of stock ownership.

"That such advances in prices and such differences in price corresponding to Standard markets cannot be explained apart from the foregoing conditions.

"That the combination of pipe lines with other branches of the industry has tended to establish a perpetual monopoly.

"That gasoline has deteriorated in quality, a variety of products being sold under that name."

Recommendations of the commission, made "with a view of preventing or remedying the conditions," include the abolition, by legislation in certain cases, of common stock ownership in corporations which have been members of a combination dissolved under the Sherman law, the segregation of pipe-line ownership from other branches of the petroleum industry and the fixing by congressional legislation of gasoline standards.

Cites Facts The commission cites as a factor in Standard Oil domination the fact that more than half of the stock in the various companies is owned by the same individuals or interests. It is also claimed that nine out of the eleven territorial divisions of the gasoline market are dominated by the various Standard companies. The investigation reported to the Senate today has been made under resolutions of Senators Gore and Owen of Oklahoma.

### DESERTER FROM 7TH REGIMENT IS SOUGHT

LOS ANGELES, April 24.—Charged with deserting his machine gun section of the Seventh California Infantry and taking regimental papers, arms and company property, George Leslie is being widely sought today by civil and military authorities. Leslie, who is said to be a Mexican sympathizer, wrote his commanding officer recently from Tia Juana, saying he had joined the Mexican army. Since then, he was seen on street cars near here, apparently heavily armed. A death battle is anticipated should the deserter be located.

### COFFEY HOLDS MORRIS

NEW YORK, April 24.—Carl Morris' roughness failed to start him to ward a match with Jess Willard today. Jim Coffey, local heavyweight, held him to a draw in ten rounds.

### WELLS' MOTION FOR CASE CONTINUANCE DENIED BY COURT

(Special to the Register) LOS ANGELES, April 24.—The case of T. Alonzo Wells, who is suing the Orange County Bar Association for \$100,000 damages for alleged injury to his legal business and for alleged libel, was taken up in Judge Trippett's court this afternoon at 2 o'clock.

When the case came to trial this morning Wells made a motion for a continuance for two months on account of the illness of his attorney, M. C. Atchison. This motion was denied by the court.

A jury was then impaneled and sworn in and Judge Trippett ordered the case continued until this afternoon.

Wells has S. M. Johnston associated as attorney with himself.

E. E. Keech, R. Y. Williams and Clyde Bishop, lawyers of Santa Ana, are handling the case for the Bar Association.

Practically the entire membership of the Association is in court, including the two Orange county Superior Court judges, Z. B. West and W. H. Thomas.

### STATE DEFENSE GUARD BILL UP IN SENATE

30 to 50 Is Age Limit Provided In Measure Introduced Today

SACRAMENTO, April 24.—Senate President Reed today introduced the State Defense Guard bill. The guard, under the provisions of the bill, is to have peace-officer powers and do what the governor directs. Members are to be between 30 and 50 years of age, and must pass examination. Captains will receive \$1600 yearly and other officers down to \$1080.

The guard will not be available for strikes and will remain organized only during emergency.

The bill will be effective as soon as the Legislature passes it.

Governor Stephens sent a message with the bill, explaining his plan for the state guard and outlining the defense council work.

### REQUEST IS DRAFTED FOR NEW TRIAL FOR THOMAS J. MOONEY

SAN FRANCISCO, April 24.—A direct request that Attorney General U. S. Webb confess error by the state and ask the state supreme court to order a new trial for Thomas J. Mooney, preparedness parade bomb defendant, was drafted today by Superior Judge Franklin Griffin, who presided at Mooney's trial.

This action followed the refusal of District Attorney Charles Fickert to join in such action until after the county grand jury had completed an investigation of charges that the evidence against Mooney was "framed."

NEW YORK, April 24.—W. Bourke Cochran, New York attorney, who defended Thomas Mooney, charged with the San Francisco preparedness parade bomb explosion, declared today that Mooney's murder conviction undoubtedly should be set aside and the "whole conspiracy" against him exposed through substantiation of the subornation of perjury charges against F. C. Oxniam, star government witness.

### RIVERSIDE PAPER IS DAMAGE SUIT TARGET

LOS ANGELES, April 24.—A damage suit for \$50,000 is on file here today against the Riverside Enterprise and J. R. Gabbert, its publisher, by the Ferdinand P. Kaiser Publishing Company of St. Louis. In its complaint the plaintiff alleges that an article printed in the Enterprise was damaging in character and malicious in intent.

### IMPERIAL BOY KILLS SELF WHILE DRILLING

IMPERIAL, Cal., April 24.—The patriotic attempts of Robert Lay, aged 19, to be in shape to join the army caused his death, it is learned today. Late yesterday, Lay and a companion were executing the manual of arms after a target practice, when the trigger of the boy's gun caught in his clothes, sending a bullet through his brain.

### THORPE JOINS REDS

NEW YORK, April 24.—Jim Thorpe, famous Indian athlete, was on his way to Cincinnati today to join the Reds. John McGraw believes Thorpe may become a regular in Cincinnati and will have more of a chance to improve. He joined the Giants in 1913.

### BLAST DAMAGES SPILLWAY; MEN TAKE TRAIL OF PLOTTERS

Considerable Damage Is Done to Big Project 35 Miles North of San Diego

SAN DIEGO, April 24.—An attempt to dynamite the huge Escondido dam, thirty-five miles north of this city, at midnight failed. Considerable damage was done to the spillway, and a large quantity of water was lost, but the dam remains intact. A sheriff's posse is on the trail of those responsible for the dynamiting.

The dam is located in an isolated mountain point eight miles from Escondido.

Ranchers, on hearing the report of the blast, rushed to the dam and promptly checked the flow through the damaged spillway.

### SPANISH BEAUTY IS FOUND MURDERED IN HOME NEAR MODESTO

MODESTO, April 24.—Mrs. Julia Manrique, pretty Spanish matron, was found murdered in her home at Oakdale, near here, yesterday evening, by the husband when he returned from work. The murder was done in the kitchen of the little cottage and one of the employees of the presence of her two-year-old infant and a younger child.

Suspicion for the crime falls upon Trinidad Urevas, an employee of the pea cannery ranch at Oakdale, who was seen walking swiftly from the Manrique house about the time of the shooting.

He is said to have been very attentive to the young woman.

The man was found to have purchased a ticket to Fresno early last evening and Sheriff Davis and Constable Corrigan took a later train for that city in search for the fugitive.

### OHIO UNIVERSITY TO BUILD STADIUM FOR WAR AND ATHLETICS

COLUMBUS, O., April 24.—Ohio State University athletes are anxiously awaiting announcement of the date when ground will be broken for construction of one of the largest and finest stadiums in the country, for athletic and military purposes.

University trustees are mapping out plans for the structure which will face the 90-acre tract of land adjacent to the agricultural farm of the school.

The field, when completed, will cost about \$400,000. The seating capacity of the stadium will be about 50,000. It will measure 700 feet long, 400 feet wide and 72 feet high, all of concrete construction. Fifteen baseball diamonds and 48 tennis courts as well as a military drill field will be laid out.

### DRINKS MILK, GAINS WEIGHT TO ENLIST

LOS ANGELES, April 24.—The good old lactical fluid stepped to the front today as a first aid to war hunger youths of insufficient weight. Roland Dimmick is today a cavalryman for Uncle Sam because he drank milk.

When the lad appeared for examination, he was a pound under weight, and despite his pleas he was rejected. Then Dimmick took to drinking—milk—gained 4½ pounds in ten days, and was accepted as a trooper.

### M'CARRON WINS

TOLEDO, Ohio, April 24.—Jack McCarron of Allentown, Pa., outpointed K. O. Brennan of Buffalo in ten rounds here last night. George Breen of Toledo knocked out Ernie Barrie of Detroit in 46 seconds.

### BASEBALL SUPPLIES TO BE GATHERED FOR MEN IN ARMY, NAVY

JOHNSTOWN, Pa., April 24.—The National Baseball Federation, with affiliations in nearly all the principal amateur and semi-pro baseball centers of the country and with over 100,000 players of all ages and classes, will inaugurate its nation-wide campaign for the collection and soldiers in active service just as soon as it is advised by the army and navy officials.

It is planned to establish collection centers in different parts of the country.

### COMPULSORY HEALTH INSURANCE WILL BE VOTED ON IN STATE

SACRAMENTO, April 24.—The people of the state will vote at the next general election on the proposition of compulsory health insurance for workers, the cost to be divided among the employer, employee and the state. In accordance with former Gov. Johnson's recommendation, both branches of the legislature have today passed the constitutional amendment that will result in the people voting on the plan.

### CONSCRIPTION IS VITAL TO U. S. SAYS BRITON

Lieutenant General Bridges Declares All Must Fight, At Home Or at Front

BY GEORGE MARTIN (United Press Staff Correspondent) WASHINGTON, April 24.—Conscription is vital to America before the nation can have any success in the war.

Lieutenant General B. T. M. Bridges stepped out of the great international war council of the allies here to deliver this message to the American people today.

While Congress wrangled over the selective conscription bill on Capitol hill, this tall, arrow-straight fighter in khaki, fresh from the front, counted the cost of the volunteer system to England.

"We were saddled with the volunteer system at the beginning of the war," said Bridges. "We would have given anything to get rid of it. It hampered and retarded us in every phase of war development."

"The volunteer system threw the best industrial forces of the country into the trenches when they were badly needed at home; and it left at home those whose places were at the front."

"If we had had conscription at the beginning it would have obviated our later difficulties as to munitions, coordination of our national forces and many other vital things."

Then Lieut. Gen. Bridges sounded the keynote of the British commission's message to the American people. It was this:

"If you are going to war, you must go the whole hog. You must go to it intelligently and systematically. Men, women and children must all fight, either at home or at the front."

### MARINES WILL INSIST ON BEING FIRST IN TRENCHES, SAYS CHIEF

WASHINGTON, April 24.—General Barnett, commanding the marine corps, today explained the proposed increase in the Marine personnel to the house navy committee, saying that the marines will insist on the right to be the first American troops in the European trenches.

### MARINE CORPS CHIEF 36 YEARS IN SERVICE

WASHINGTON, April 24.—Even before the navy the nation's first line of defense is the marine corps.

Should our fleet or any part of it see service on foreign shores, it will be a squad of marines who first set foot on land. Every first line battleship of the navy carries aboard a permanent detachment of marines.

Subject to either sea or shore duty, they are the amphibians of the navy—generally recognized as the most versatile and elastic branch of the national defense. Kipling spoke of the British marine as "soldier and sailor too." It's the same in our navy.

Major General George Barnett is commandant in charge of the U. S. Marine Corps.

He has been through thirty-six years of adventurous service, largely in foreign countries.

He participated in the landing of U. S. marines in China, when foreign governments joined to quell the noted Boxer uprising.

Later in 1906, he commanded an expeditionary force to pacify Cuba, when an attempt was made to throw off the republican form of government.

In addition, he has seen extensive service in Panama, the Philippines, and other parts of the tropics.

### DRAFT PLAN ASSAILED IN BOTH HOUSES

Speaker Clark Announces He Is Entirely Opposed to Conscription

SLACKERS' LOOPHOLE IS SEEN BY SOLON

Munitions Makers Are Backing Selective Draft, Charge Of Congressman

WASHINGTON, April 24.—The French commission coming here for conferences with American and English government officials has arrived safely. The place of arrival is withheld.

The state department issued the following announcement today:

"The state department is advised of the safe arrival of the French mission."

"The party is not yet in Washington and information as to their movements or time of arrival is kept secret by the censorship."

Included in the French mission are ex-Premier Viviani, General Joffre and Major Dreyfus.

Third Assistant Secretary of State Long, Col. Cosby, Assistant Secretary of the Navy Roosevelt and Admiral Huse are greeting the French mission.

WASHINGTON, April 24.—Opponents of conscription held the floor in both houses today.

Speaker Clark announced that he was entirely opposed to conscription.

Thomas, Democrat, led the attack against conscription in the Senate, holding that slackers would be given opportunity to escape service, inasmuch as under the plan for selective conscription there is nothing to compel a man exempted to engage in farming to continue as a farmer.

In the house Anthony of Kansas charged that munitions makers were back of the selective draft plan. He would give no explanation of this charge.

### URGE MINIMUM PRICES FOR FARM CROPS

WASHINGTON, April 24.—Legislation guaranteeing farmers reasonable minimum crop prices was urged today as the best means of encouraging the output of products.

### GIANT BOND ISSUE BILL SIGNED BY WILSON

WASHINGTON, April 24.—President Wilson signed the \$7,000,000,000 bond issue bill today. It is now a law.

### REDFIELD ASKS FAVORABLE EXPORT BILL REPORT

WASHINGTON, April 24.—Secretary of Commerce Redfield today asked the House Interstate Commerce committee to report favorably the Adamson export bill—an administration war measure giving the President power to regulate exports—so as "to keep England and France going."

### BASEBALL SUPPLIES TO BE GATHERED FOR MEN IN ARMY, NAVY

JOHNSTOWN, Pa., April 24.—The National Baseball Federation, with affiliations in nearly all the principal amateur and semi-pro baseball centers of the country and with over 100,000 players of all ages and classes, will inaugurate its nation-wide campaign for the collection and soldiers in active service just as soon as it is advised by the army and navy officials.

It is planned to establish collection centers in different parts of the country.

**POLY IN GLOOM AS 4 ATHLETES ARE INJURED**

Local Institution's Chances of Beating Citrus Men Tomorrow Take Slump  
Poly's chances to give Orange high a beating tomorrow night took a decided slump last night, when Skipper Smith gave his victorious team the once over as they reported for practice. No less than four of the local regulars are out of the melee with the neighboring city squad and an atmosphere of gloom has settled over the baseball followers of the school.

**BETTER THAN CALOMEL**  
Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.  
These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.  
Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

**FRUIT EXCHANGE ORANGE COUNTY MAKES SURVEY OF 1500 MEN IN AUGUST**

**WAR FOOD SUPPLY**  
Agriculturists Meet At Orange Last Night to Make Crop Observations  
Say 1000 Acres More Orchard Than Usual Should Be Cropped This Year

Between thirty and forty men well versed in the agricultural conditions obtaining south and east of the Santa Ana river and in the Garden Grove section met at the Commercial Club at Orange last night for the purpose of making a survey of the food supply that is available or can be made available to provide the soldiers of the allies and home people during the war.  
The survey was made under the auspices of the California Fruit Growers' Exchange. L. D. Palmer, manager of the Orange County Fruit Exchange, was chairman for the district mentioned and the men assembled at his request. He presided at the meeting.  
Inter-cropping of citrus groves was one of the chief topics of discussion. The observations indicated but little waste land in the district, with inter-cropping of young citrus orchards and some of the older walnut groves as the chief sources of increasing the production of foodstuffs. It was estimated that about 2500 acres of young orange and lemon groves are being inter-cropped and that possibly 1000 acres more could be added, making a total of about 3500 acres. Beans, potatoes, cabbage and tomatoes were suggested as crops that could be grown between the rows of young trees without damage to the trees.  
The observation was made on the basis of percentage of normal crops and the reports generally were to the effect that crops this year are about normal.  
Palmer will assemble the data and forward it to the Los Angeles office of the California Fruit Exchange, and when reports from other districts are received at headquarters, the information will be forwarded to the Council of Defense.

**RECORD PRICE \$47,500 PAID FOR INNESS ART**

NEW YORK, April 24.—"Near the Village, October," by George Inness, has just been sold to an American collector by the John Levy Art Gallery for \$47,500, said to be the highest ever paid for an Inness.  
The picture is a portrayal of a clear, sparkling day in October, and was painted by the artist in 1892; his best period. It was formerly in the Halsted collection and was at one time in the possession of former Gov. Franklin D. Murphy of New Jersey.  
The canvas measures 30 by 45 inches. Previous to this sale, the highest figure reported for an Inness was \$40,000, and before that \$30,000, paid by Robert Handley.

**ILLINOIS MOBILIZES ITS FOOD RESOURCES**

SPRINGFIELD, Ill., April 24.—Illinois, one of the middle western states which will be asked to bear the brunt of supplying the European as well as the American armies with foodstuffs, is mobilizing for duty.  
The State Board of Agriculture urges Illinois farmers to raise 20 per cent more corn this year than in former years. They also will be urged to employ only that class of laborers not of military age or having a defect that would make them unavailable for service.

**PLACE RIFLES ON OIL RIGS AT FULLERTON**

FULLERTON, April 24.—To place each rig in a position to withstand attack, the Union Oil Company has placed a high powered rifle and several boxes of cartridges at every well in the local field, according to an employee of the company. The company, in order to have the rigs guarded continually, has issued orders for all its employees to work Sundays.

**ACID IN STOMACH SOURS THE FOOD**

Says Excess of Hydrochloric Acid is Cause of Indigestion  
—A well-known authority states that stomach trouble and indigestion is nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we crave sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea.  
He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.  
Jad Salts is inexpensive and is made from the acid of grapes and lemon juice combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results. Advertisement.

**CHAUTAUQUA'S TICKET DRIVE IS TOMORROW**

Big Tent Today Being Erected On the Ground at Third and Bush Streets

Tomorrow is to be Chautauqua ticket day, for upon that day the guarantors of the "Chautauqua for 1917" are to conduct a ticket-selling canvass. Details of the canvass are to be arranged at a meeting of the guarantors tonight at 7:30 o'clock at the office of Col. S. H. Finley.  
There are a good many reserved seats still obtainable, and it is with the expectation of selling them that the guarantors are to enter its active day's work tomorrow.

The Chautauqua guarantors feel certain that a good many people who are figuring on going to the Chautauqua for various entertainments without buying season tickets would buy them if they were aware of the advantages of having a reserved seat and season ticket. The cost is less by half than it will be for single admissions to all of the attractions.  
The big Chautauqua tent is going up today. A crew of tent men arrived last night from Riverside, and this morning they went to work getting the tent up. J. S. Perry has been appointed as a committee upon decorations. He is going to secure a number of large American flags. The Stars and Stripes will be the chief feature of the decorations.

**USES LAND 40 YEARS; RENTAL SIX CENTS**

NEW CITY, N. Y., April 24.—A damage verdict of six cents for Mrs. Maud Trundy of Middletown has been given by the supreme court. The verdict amounts in substance to a rental fee of six cents for forty years' use of a strip of land.  
Charles Reynolds maintained a drain across Mrs. Trundy's land by which he ran water off his premises. As Reynolds and the preceding owner of the property had maintained the drain so long the defendant contended the plaintiff had virtually given her consent and that he has a partial claim to the drain.

**'DRY' INDIANA TO SAVE \$42,000,000**

EVANSVILLE, Ind., April 23.—Forty-two million dollars now spent annually for liquor in Indiana will be spent for other purposes after April 2, 1918, when the state goes "dry," according to the estimate of Charles Hartmetz, a prominent brewer. Under the state law, reinforced by federal laws, the state will be practically "bone dry." Hartmetz estimates the number of saloons in Indiana at 3,500 and the average receipts of each saloon a month is \$1,000. More than two-thirds of the territory of the state is now "dry" under local option laws.

**DISMANTLES RADIOS**  
FULLERTON, April 24.—All wireless plants in the city have been dismantled by Marshal French, who visited every amateur station to see that the recent order of the government had been obeyed.

Use the Easy, Convenient, Modern Cook Book—

**Globe Recipe Index File**

—So easy to find recipes, as they are held under eleven different headings—Bread, Desserts, Cake, Fish, Salads, etc.  
So convenient because each recipe is printed on separate card—can be stood up or pinned up wherever you are working.  
—So moderate because the file is a duplicate of those used in the down-to-date business office.  
—Seventy-five recipes in the file, by Mrs. Pearce, Domestic Science Director Y. W. C. A., Los Angeles. Also ten blank cards for copying your favorite recipes. More than ten thousand women using them.

**PAYS \$22,500 FOR 10 ACRES ORANGES**

Another important realty transaction in "West of the river" property occurred with the purchase of a ten-acre Valencia grove belonging to J. Jensen, by Harry Gail, a recent arrival from New York. The consideration was \$22,500.  
The ranch is located in the South Placentia district, northwest of Orange. The trees are six and eight years of age. There are no buildings.  
Joan Hughes sold 7½ acres of young Valencias and lemons at Villa Park to Chas. E. Waffle of El Modena.  
Sherman Foster sold a half acre, situated on East Culver avenue, Orange, to Boaz Atherton, the price being \$1000 cash.  
The place consists of peach, plum and nectarine trees with a crop of garden truck between the rows.

**HOME GUARDS DRILL**  
FULLERTON, April 24.—Members of the home guard have received their first instruction in military tactics. The sixty-three members were detailed in squads and drilled by non-commissioned officers.  
New 30-30 rifles, cartridge belts and ammunition, ordered by the city some time ago, are available for the home guards.

**NOTICE TO TAXPAYERS**

Second Installment of County Taxes Delinquent Monday, April 30

To avoid error and delay, remittances should be accompanied by tax-bill, or full description of property. Remittances by mail should be made at once. Be sure you have this year's tax-bill (1916-17) and that your remittance is for the correct amount. Those who pay at the office will find it to their advantage to have check written, or exact change ready, before reaching this office.  
Respectfully,  
J. C. LAMB,  
County Tax Collector.

# NAVY MAN WILL TALK TO HIGH SCHOOL BOYS TOMORROW

Features of Service Will Be  
Explained at Assembly By  
Recruiting Officer

Features of service in the navy will be explained to boys of the Santa Ana high school tomorrow forenoon at 10:30 by Chief Master at Arms McKelvey, in charge of the local recruiting station. A great many of the students have called at the station for information and McKelvey has been requested to address the boys at the morning assembly in order that all might obtain the information at one time.

While enlistments have not been large here the past week, the office has been visited by many making inquiries about requirements, terms of enlistment and advantages offered in the various branches.

In the report of enlistments in the Western Division for the week ending April 19, Santa Ana is credited with seven accepted men. The total for the week in the division was 1206, an increase of 146 over the previous week. The allotment for the Western Division is 6000, and of this number 2733 have been secured. This leaves 3267 to be enlisted before the fifth of May.

McKelvey has been instructed to

make a special effort to secure more enlistments for the machinist and fireman branches of the service. The branches offer good pay and opportunity for advancement both in rank and wages. The scale for firemen is from \$33 to \$45 per month and machinist from \$45 to \$77 per month.

"If conscription comes men will not have the choice of branch of service as they do under volunteer enlistment," said McKelvey this morning. "The navy needs many more young men to fill up its ranks, and my advice to those who are eligible to service would be not to wait until conscription becomes effective."

"There are splendid opportunities in the navy for young men of fair education. Efficient schools are at their command for the various branches requiring skill, and this alone is an inducement that should draw many boys into the navy."

## FOUR BABY COYOTES ARE WELCOMED INTO FAMILY OF PUPPIES

At the Arthur Peffey ranch, west of Orange, four baby coyotes have been introduced into a family of puppies and have been adopted by the mother dog.

Virgil Pritchard, an Orange high school student, uncovered the nest of coyotes in the El Modena hills, back of the Hodson ranch. He took two dogs kept the old coyote away while he treated with the young. Remembering that his classmate, Clarence Peffey, had a dog with two puppies, he was struck with a bright idea. Young Peffey fell in with the plan enthusiastically, and they brought the four little coyotes to the Peffey ranch.

It was an interested group that watched the reception scene. Rather bewildered, the coyotes crept toward the mother dog. The two puppies regarded their wild cousins sleepily and with little interest. The mother dog surveyed them critically for an instant, sniffed and nosed at them a little and then quietly began to lick their fur with her tongue.

"That settles it," commented Grandpa Peffey, an old stock raiser, "when you see the mother animal lick her young that way, it means that she acknowledges ownership. It's the same way with a sheep. If the ewe refuses to lick her lamb, nothing can make her own it."

## VANDER BRUGGEN IS FLOWER SHOW WINNER

Among those who won prizes at the flower show at Orange last week were W. J. Vander Bruggen, who has charge of the Santa Ana city parks, and Marshall Northcross, who has charge of the Santa Ana high school grounds.

Northcross got first grand prize for a display of wild flowers. Vander Bruggen got prizes for the best basket of roses and for the most artistic basket of cut flowers. Mrs. Northcross took several ribbons for roses.

## A CHILD GETS CROSS, SICK AND FEVERISH WHEN CONSTIPATED

Look, Mother! If Tongue is Coated  
Clean Little Liver and  
Bowels

—If a young one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine made by "California Fig Syrup Company."—Advertisement.

# GREASY BRAKES RESPONSIBLE FOR DAMAGE TO CAR

New Oldsmobile Driven By  
Mrs. Mary Bushard In  
Collision Yesterday

Greasy brakes yesterday cost an automobile driver \$10, when the machine bumped into a new Oldsmobile driven by Mrs. Mary Bushard of Talbert. The accident happened late yesterday afternoon at the corner of Main and Third, this city. Mrs. Bushard was driving from the south on Main street and turned west on Third. She had the right of way. The other machine was approaching the intersection from the north. When the driver applied the brakes they failed to stop the car in time to prevent the collision. The name of the driver was not secured. He left \$10 at the Oldsmobile garage to pay the cost of repairs to Mrs. Bushard's machine. Mrs. Bushard is a member of the Automobile Club of Southern California and adjustment of the damage was made by Walter Galbraith, manager of the local branch of the club.

## TALBERT SOON TO PLANT BEANS AROUND TALBERT

Barley Has Grown Six and  
Eight Inches Since the  
Last Rain

TALBERT, April 24.—Will and Oliver Jones started planting beans on their San Joaquin ranch today. They will have 300 acres to this product and will plant both limas and black eyes. The entire crop was contracted some time ago, the limas at 84 cents and the black eyes at 6 cents per pound. Contractors are now paying as high as 10 cents. Some growers let them go at as low a rate as 5 and 6 cents.

No beans have as yet been planted in the lowland here but the crops on the surrounding mesa are already up. The ranchers who will put in beans are busy putting their ground in good condition.

Everyone owning a bean planter is in luck as they are in great demand, renting at a dollar per day.

**Barley Growing**

The hay ranchers find that between six and eight inches have been added to its length since the rain of a week ago.

On Sunday Mr. and Mrs. Charles Ward and their uncle and aunt, Mr. and Mrs. J. Dismukes, and cousin, Miss Zylpha Dismukes, of Santa Ana, picnicked at Orange County Park.

Fred Pope and Will Isnor drove to Elsinore Hot Springs last Saturday, remaining over night and making the return trip Sunday. They were accompanied home by their fathers, John Pope and P. A. Isnor, who spent the past week at the resort.

Mrs. Joe Parsons and Mrs. John Tubbs of Santa Ana motored to Redondo Beach and enjoyed a day's outing there last Sunday.

Mrs. John Boer, who has been quite ill, is some better. On Wednesday Mr. Boer took her for a ride, hoping the outdoor air would prove a benefit.

The Gisler boys are the happy possessors of a new Maxwell roadster, purchased for their special use by their father, Samuel Gisler.

Mr. and Mrs. Bob Harper spent Sunday at Seal Beach.

Mr. and Mrs. Leo Borchard reached home Monday night of last week after a delightful week-end visit with relatives at Oxnard. Returning, they stopped over in Los Angeles where they took dinner with Mr. and Mrs. Frank Borchard, then spent a few hours at Los Alamitos, where they

## COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores its  
Natural Color and Lustre  
At Once

—Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrous. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

were supper guests of Mr. and Mrs. James Heaton.

Mr. and Mrs. Arnold Walker enjoyed a pleasant visit Sunday from Mrs. Walker's parents, Mr. and Mrs. C. C. Hecock and Mr. and Mrs. J. C. Morton, the latter being her sister, and their children, Emma and Paul. The party came over from Long Beach for the day.

Mrs. Walter Walte and little son of Huntington Beach visited Thursday afternoon and evening at the A. F. Swift home.

Harvey Walker was a Sunday guest of his sister, Mrs. Frank Planchon, and family, at their home near Santa Ana.

Mr. and Mrs. Ray Wardlow and children motored to Laguna Beach Saturday, where they were the guests of Mr. and Mrs. Sam Clapp until Sunday evening.

Mrs. Sara Graham of Santa Ana spent Monday night and Tuesday visiting her daughter, Mrs. Joe Parsons.

Mr. and Mrs. Frank Borchard and the twins were Redondo visitors last Sunday.

Mr. and Mrs. Lloyd Flythe motored to Long Beach for the day, Sunday.

**Church Notice**  
Methodist Church South: Sunday school, 6:30 p. m.; preaching, 7:30 p. m.; Wednesday, 7:30 p. m., prayer meeting and choir practice.—Rev. J. Alvah Andrews, pastor.

A number of the friends of Hallie Cox were invited to the Cox home last Saturday afternoon to help celebrate the occasion of her eleventh birthday anniversary.

Near the close of the pleasant afternoon which was spent with games and a general good time, refreshments of cake and lemonade were served by Mrs. Cox, mother of the honoree, who was assisted by Mrs. Perine and Mrs. Moore.

The guests present were Curtis, Cleo and Ray Moore, Mildred, Cleo, Roger, Willis and Wayne Perine, and Bennie, Hubert and Oliver Cox.

Mr. and Mrs. S. E. Talbert entertained over the week end Mr. and Mrs. J. E. Pettit and Mr. and Mrs. J. W. Perrin of Los Angeles and Mr. and Mrs. W. T. Brady of Hollywood.

S. Stringer, who is an eastern visitor at the F. D. Plavan home, went Sunday to Perris to spend a couple of weeks with Ernest Plavan.

Leo Borchard made the trip to Madera Thursday, returning home on Sunday morning.

W. A. Carter and wife and George Bruner and wife of Long Beach were Sunday guests of Mr. and Mrs. Sam Talbert.

The Boy Scout meeting was postponed from the regular day, Saturday, until today.

Mrs. George McGill of Santa Ana came Monday for a week's visit with her brother, Will Jones and family.

Rev. and Mrs. Andrews accompanied by Mr. and Mrs. Arnold Walker and little daughters, Bernice and Ellen, made the trip to Mt. Baldy in the former's machine Thursday of last week. The party left here at 6 a. m., reaching home again at 7:30 that evening, after the most pleasant of day's outings. No engine or tire troubles or other ailments which autos are subject to was experienced on the trip and that added much to the pleasure of the day.

A stop was made at noon for lunch about three miles above the hotel, after which they drove as near the summit as the road allows, then walked on to the snow line which they found to be only about a hundred feet from the summit. After an hour spent playing in the snow the party started for home.

Last Sunday Mr. and Mrs. Leo Borchard were entertained at dinner at the home of Mr. and Mrs. Chas. Borchard at Fairview. Other guests were Mr. and Mrs. Ed Farnsworth and family of Santa Ana and Mr. and Mrs. Antonio Borchard and family.

Mr. and Mrs. L. T. Wells motored to Orange County Park and the Modjeska ranch last Sunday.

F. D. Plavan and son, Leland, attended the Y. M. C. A. banquet at the Methodist church in Santa Ana last Saturday evening. Leland also attended the track meet in the afternoon.

J. E. Barbee and family moved last week to S. E. Talbert's Paulerino ranch, where Mr. Barbee is employed in the hay harvest which has just begun.

Mrs. H. Y. Evans was an over-night guest last Sunday of her mother, Mrs. Wollaston, at her North Ross street home in Santa Ana.

Rev. Andrews was among the Y. M. C. A. members who enjoyed the banquet at Santa Ana Saturday evening. Mrs. Andrews was the dinner guest of Mr. and Mrs. Lloyd Flythe that evening.

## FIRST AID TO INJURED TO BE DEMONSTRATED

Practical demonstrations of how to render aid to persons in distress on camp trail, in auto accidents and on the battlefield will be given by Fred H. Killick, who is to be the speaker tomorrow at the Chamber of Commerce luncheon at James' Killick was instructor and life saver at the Sutro Baths in San Francisco for many years and has saved many people from drowning. He has traveled extensively and has talked to over 20,000 school children in his thirty years of experience in lecturing and traveling.

## TRAP GUN CATCHES SUSPECTED BURGLAR

MARTINSBURG, W. Va., April 24.—Shot by a trap gun placed by T. J. Arnett, in his store, near here, to catch burglars, Thomas Tinsley of Jefferson county is in jail on the charge of being the leader of a band of criminals that has terrorized a portion of Jefferson county for several weeks.

Arnett's store had been robbed twice, and when he heard the gun report last night he made an investigation, resulting in the arrest of Tinsley, who was found badly wounded.

Another man held in jail on a murder charge, has made a confession to the officials in which he declares that Tinsley was the leader of the band of robbers operating in Jefferson county. Officials say that several other arrests will be made.

## MILK'S GOOD FOOD WHEN GOOD—EXPERT

PORTLAND, Ore., April 24.—Ten billion gallons of milk are consumed

# New Sport Silks

Our Silk Department has been "humming" this Spring. The reason is easy to learn, for we have been able to secure and show the wanted materials, the wanted colors, at prices that our patrons want to pay.

<b>Sport Pongees, 34-inch, \$1.50, \$2.00</b> —Of fine quality Imported cloth, beautifully finished, of good weight for Summer suits or dresses. —Printed in the striking coin and block patterns, in greens, orange, and blues, yet not of the "loud" variety of Sport designs. —A cloth that is selling rapidly.	<b>Plain Tussah, 42-inch, \$2.50</b> —Superior quality, in weight and finish, ideal for Silk Suits for this season. —Has the weight and finish almost equal to Khaki-Kool at about half the price. —Comes in colors of natural, blue, strawberry pink, and gold.
<b>Striped Poplins, 36-inch, \$1.50</b> —A cloth rich in appearance, and of superior quality—of a weight just right for that chic Sport Suit. —Comes in even or broken stripes, purple and straw, blue and straw, green and straw.	<b>Printed Georgette Crepes, \$2.00</b> —Beautiful in texture, beautiful in design—both conception and coloring. —This has been one of the season's most popular silks. The printed silk comes in the daintiest of colorings, on white grounds. 40 inches wide at \$2.00 per yard.
<b>Shantung, in Khaki-Kool Patterns</b> —Oyster white, printed in coin patterns, in dragon colorings. Exact imitation of the Khaki-Kool designs that have taken the country by storm. —Width 34 inches, priced \$2.00 per yard.	<b>Plain Georgette Crepe, 40-inch, \$2.00</b> —About 25 different colors in this popular silk, ranging from the delicate pastel shades to darker colorings for street wear. —40 inches wide, \$2.00 per yard.

The Hadden Sprinkling System for Small or Large Lawns.

# Only Sprinkling System That Will Not Rust

The Hadden is the only Sprinkling System known that cannot rust or corrode and that carries an indefinite guarantee.

The vital parts of the great Hadden Sprinkling System are made of brass.

**THE HADDEN ADJUSTABLE SPRINKLER**

Is the result of years of practical experience in the manufacture of high grade sprinkling devices, and is recognized as the standard of efficiency for underground sprinkling systems. The sprinkler is placed flush with the surface of the ground and offers no obstruction to the lawn mower.

The brass parts of the sprinkler are incased in a heavy sherardized iron shield to withstand the abuse to which an underground sprinkler is subjected. It will outlive the piping to which it is attached.

The diaphragm of the sprinkler is adjusted through the opening or orifice without removal from the ground. This adjustment is positive and is the means by which a uniform distribution of water can be obtained through long runs of piping. The volume of spray can be increased or diminished or the sprinkler can be closed completely.

See us now about the Hadden Sprinkling System and you will have the most beautiful lawn in the city this summer.

# You Should Own a Victrola

EVERY HOME MAY ENJOY THE BEST MUSIC PRODUCED IN THE WORLD FOR A VERY SMALL OUTLAY OF CASH

Your home should possess a means of interpreting musical and artistic genius. The Victor catalog includes records of the world's leading vocalists and instrumentalists.

It is this absolute fact that emphasizes the supremacy of the Victrola, so firmly established on a basis of great things actually accomplished; a supremacy readily recognized and acknowledged by the world's greatest artists who make records exclusively for the Victor.

THERE IS A VICTROLA WITHIN THE REACH OF EVERYONE—COME IN AND LET US TELL YOU ABOUT IT.

Victrolas  
\$15.00 to \$300.00.  
On Terms to Suit Purchasers.

# Shafers' Music House

415 North Main St. The Only Exclusive Music Store in Santa Ana.

annually in the United States, Dr. W. H. Norton, of the medical staff of the O. V. R. & N. Company, told the employees of the company in an address last week on "Use of Milk as a Food."

Dr. Norton paid tribute to the perfect food value of milk, telling of its adaptation to the wants of all, from the new-born babe to the person of mature years. While testifying to excellence of the fluid as food the physical also said that it was one of the principal sources of disease.

"Milk in its natural state, or prepared by pasteurization," said Dr. Norton, "is healthful, while milk improperly cared for and impregnated with bacteria is responsible for innumerable diseases and ailments that not infrequently terminate fatally."

## OUR CENSORSHIP

The government's censorship plans appear to be genuinely American. There is to be no censorship of the European sort.

The Prussian method, by which the press prints whatever the authorities direct, and nothing else, is naturally tabooed. There is to be far less control than is exercised in England, where the government while lacking positive control of editorial policies, wields a blue pencil over every piece of news that is printed. There has been a vast amount of dissatisfaction in England over this negative but relentless reign of censors, and there would be more dissatisfaction in America. We have the freest press in the world, and editors and readers alike would object to any extreme limitation of news or comment.

The so-called censorship bureau arranged by the joint action of the State, War and Navy Departments is really a publicity bureau. An experienced newspaper man is at the head of it. He will have experienced newspapermen as assistants. He will not be a dictator. He will act as intermediary between the government and the press. He will see that whatever information the government has to give out from day to day will reach the various news agencies in a safe and accurate form.

Beyond that, the activities of the bureau will be chiefly advisory. The government is making a set of regulations by means of which editors are to be expected to govern themselves. The press is presumed to have both brains and patriotism. Every editor will, from day to day, act as his own censor, withholding from publication any facts he may have which for any reason he judges it unwise to print. There will be no absurd attempt to conceal things that everybody knows. The war news will be printed far more fully than it is in any other belligerent country.

The government, the press and the public will be linked, more than ever before, in a great partnership. And that is as it should be. Public opinion, the force which wins or loses wars in order to be effective must be well informed as well as patriotic. We shall not wage this war in ignorance.

## FREE FROM OPIUM

"The opium business has practically passed out of the trade of the Far East," reports the American consul at Hong Kong. "All holdings of opium by private interests in China are now ended, and further dealing in opium in the open market is at an end."

All the stock remaining in the country has been taken over by the government, and will be used for the extraction of morphine for medicinal purposes. There will be no more private importations.

Thus China demonstrates that she has actually freed herself from the grip of this devastating drug, after nearly a century of slavery. She has won her freedom not only without effective aid from without, but in spite of those classes of traders who originally fastened the vice on the Chinese for their own profit and who bitterly fought its abolition.

## WHAT TO RAISE

Agricultural experts are giving excellent advice to amateur gardeners, regarding the choice of foodstuffs they should raise this season.

There is a natural tendency on the part of amateurs, especially in the cities, to go in for fancy garden stuff. This tendency is not encouraged. Eggplant, brussels sprouts and various other garden delicacies are all right in their way, but the object of the present national campaign is to increase the supply of nutritious food—not to produce delicacies or provide horticultural entertainment for the gardener.

Even lettuce, radishes and other "salad stuff" can easily be dispensed with if space or labor is limited. Cabbage is sometimes hard to raise, and is declared to be "about the poorest food there is."

What shall the amateur raise, then? Just plain, ordinary staples. Most important of all are potatoes. Then come carrots, turnips, parsnips, beets and other common root vegetables

that produce a liberal crop for the space they occupy, and require no special knowledge or unusual amount of care.

Beans, peas and, if there is room enough, sweet corn, should not be overlooked. These are particularly worth while because, if they are grown in greater quantity than is needed for immediate consumption, they may be canned. Canning, in fact, is one of the main tests of desirability in "war vegetables."

Raise things that can be canned, or things that will keep well without canning. Raise things that are easy to raise. Avoid perishable stuff, and stuff that requires expert knowledge, much care or much room.

## With Malice Toward None

By Henry James

Whiskey and War  
At least one great distiller has announced that his concern will make no more whiskey during the war.

Many even among those who have not taken an active part in regulating the habits of their neighbors will be glad to know this.

There is indication that there will be a food demand for every bushel of grain that can be raised, and when people begin to save their crusts, the thought that a lot of good grain was being made into whiskey would not be pleasing.

## Schoolboy Heroes

Boys never like to work in the fields in the baseball season, or when the fishing is good. Therefore for them to give their services to agricultural labor now really is a sort of heroism.

The hoe is not the visible token of glory, but really is a noble implement.

## Very Bad

A waiter has been held for a bad check. It must have been very bad.

Many a restaurant patron has had from a waiter a check that looked bad enough.

## Pacifists

Pacifists have been pleading with congress not to interfere with spies. It is easy to understand that the pacifists of this type favor spies. But why are they permitted to talk to congressmen about it?

## Well Meant

Kipling has written a poem about the entrance of the United States into the controversy. It would be well for Americans to accept this tribute in the spirit in which it was tendered. They can best do this by refraining from reading the poem.

## The Slap

Out in the little town of Watts a woman slapped the face of a city marshal. The defense was that the man deserved it, and that to slap him was the performance of a duty. However, she was fined \$50, which at the present writing is still in her possession.

The matter is a delicate one. When a man is slapped on the cheek by a woman of respectability the experience ought to make him thoughtful, setting him to reflect on his deserts in the matter. Possibly he would conclude the slap to have been just the thing he most needed, and thereupon approach the lady in question, holding the unschatched cheek so that she could get a fair swat at it.

To be slapped by the fair hand of a woman may not be pleasing, and yet how much better than being similarly treated by a 200-pound male with knots of callous on his palm!

## Home Defense

Everybody is in favor of home defense. However, there is a chap on the other side of the alley with a bulldog that carries the principle too far.

## Motorcycles

It is a pleasure to record the fact that a federal judge has fined a motorcyclist for tuning his infernal machine under the judicial window.

The average motorcyclist likes to do such things, and when he has tuned one neighborhood into distraction rushes at fifty miles an hour into some other.

## Real Poker

A man who was lured into a poker game recently won everything in sight up to the moment when his opponents poked a pistol to his eye and swept the table.

In the modern game the pistol takes the part once played by the old joker.

## Forget It!

"Materialism hampers art," complains Mr. Powys.

And art springs futurist stuff on us.

## Gamblers

Between gamblers in foodstuffs and gamblers at Tia Juana, the moral advantage is with the latter.

At least the public may avoid Tia Juana.

## Simpler

Mr. Roosevelt would find the process of joining the army far simpler than his proposed plan of having an army created to join him.

## Gas Patriots

"Will you be a gas patriot this morning?" asked a paper recently. It meant to inquire if you would lend your automobile for enlistment uses. Many answered affirmatively.

But as for being a real gas patriot, there are a lot, too.

HAD TROUBLE FOUR OR FIVE YEARS

No one appreciates good health like those who are ill. W. J. Furry, R. F. D. 2, Salem, Mo., writes: "I have been bothered with bladder trouble four or five years. It gave me a great deal of pain. I took different medicines, but nothing did me any good until I got Foley Kidney Pills." Many persons suffer from kidney and bladder trouble when they can be relieved. Backache, dizziness, rheumatic pains, stiff or sore joints and other symptoms yield to Foley Kidney Pills. Rowley Drug Co.

are not too highly priced.

W. A. HUFF

## Powers of Democracy

Kansas City Star

The President's war proclamation, in which he sets bounds for the conduct of alien enemies within the United States, furnishes a grave and somewhat startling reminder of the vast powers of the chief executive of the United States in time of war.

We are accustomed to think of ourselves as a peaceful democracy wedded to civil laws and with a government whose functions are bounded and directed by the most exact and circumstantial statutory provisions. The President we have regarded as an exalted civil servant of those laws whose office and authority partook nothing of the character of the rulership we have associated with arbitrary governments, acknowledging no responsibility to the people.

There is, of course, no reason why a democracy should not arm its government—and have to arm it—with every power necessary to its preservation, and the American democracy has so armed its executive, as its history abundantly shows. It is because these powers and the signs and evidence of them are not obtruded in the ordinary course of the nation's life, which is along the paths of peace rather than those of war, that the sudden and swift uncovering of them in time of public danger produces the effect of novelty. We have discarded the trappings of executive power to which European eyes are accustomed just as we have discarded the symbols of military strength, but the power is there when the occasion calls for its exercise by the President, and underneath the civil aspect of our democracy there is a military power capable

of being called into action greater than that ever cast into the scales of war by any government of which history has knowledge.

The "war power" of the president of the United States is practically unlimited. It is as wide as the limits of military necessity. He is commander-in-chief of the army and navy and, as the strength of those arms is the whole strength of the nation, it can be said without exaggeration that he wields a greater military power than any monarch. He can suspend the operation of the civil laws, a thing for which Charles I lost his head. Abraham Lincoln, the preserver of American democracy, and himself its greatest ideal, wielded a personal authority as president unknown to any court or camp in Europe in his day. He freed the slaves, suspended the writ of habeas corpus and directed an army of three million men under the warrant of a constitution framed with the most exacting care to establish and preserve both the letter and the spirit of democracy, and by those means preserved them. It was by this most severe of all tests that democracy proved its ability to take up arms in its own defense and to lay them down again without menace to liberty.

Democracy, now challenged by military autocracy, is again called upon to show its power both over its enemies and over itself. The challenge comes at a time when a long period of peace has made it almost a stranger to its own strength, and perhaps timid of it to some extent. But confidence will come with its just use and with the remembrance that America has never yet abused it.

## CALIFORNIA MUST EXPAND

San Jose Mercury

Along with the elevation of the potato and onion to the dignity of luxuries come renewed lamentations from agrarians that vast regions of fertile soil in California cry out for settlers to develop them. And determined attempts are being made to place the problem before those cities and districts, which, not being contiguous to the Sacramento valley and other places where these lands exist, have not hitherto been unduly concerned in the matter.

"The San Francisco business man," said W. A. Bead, of the Commonwealth Club committee on the 1917 land settlement bill in his recent report, "may feel that the better (of colonization) is somewhat remote from his interests, but what would his business be had there been no land settlement in this state?" Bead then insists that the one way for the city man to get more business is through development of the latent resources of land and water that surpass and exceed all others.

There is no doubt that California has arrived at a stage of its history when the citizen must detach rather more of his thoughts from his own immediate business to consider the demands of the country or state as a whole. The city man must study not only his relations with his neighbors, but also the life lines whence he and the rest of the community draw their subsistence. The rise of a great city and center of industry makes this problem inevitable. It remains unnoticed until some unusual condition brings it to the fore, and such a condition is the present national scarcity of food.

## AMUSEMENTS

## At the Princess

"The Fighting Gringo," in which Harry Carey, the star of western drama is featured, in the Red Feather production on the program—at the Princess tonight.

Putting down a revolution single-handed in a small South American country is the theme of this comedy-drama which affords excellent opportunity for dramatic action.

## The West End

While Director Frank Reicher was reading the script of "Castles For Two," the Lasky-Paramount production in which Marie Dore will be seen at the West End on Thursday and Friday, he got a great deal of amusement out of one scene in which Miss Dore is supposed to be frightened by a cow and climbs into a tree. The script then said that the cow looks at Miss Dore with mild surprise, then lies contentedly down at the foot of the tree. Director Reicher said that he had directed everything from snakes to owls and expected no great difficulty in instilling a little knowledge of dramatic technique into the bovine mind.

## At Clune's Theatre

George M. Cohan's love for the American flag, as set forth in numerous songs and plays, is not professional. Even today he possesses all the patriotism of a small boy and is intensely American in his sentiments. In addition to his many other achievements, George M. is often referred to as "the best press agent for the American flag" the country has ever known. Not satisfied with being the most popular actor-author-producer connected with the stage, he has invaded the field of motion pictures with the great success evidenced at Clune's Theatre tonight and tomorrow.

When Mr. Cohan announced several years ago, "Broadway Jones," a play minus his singing and dancing, yes, even without an American flag, various doubtful ones wondered if it would go over with the public. Some of the more bolder acquaintances approached him on the matter, but

George M. had decided to put his best efforts into something different. The result is a matter of theatrical history and "Broadway Jones" was conceded by every New York critic, the biggest hit of the season. And so, with this same determination and energy he has finally entered the motion picture field and that he has already added thousands of new admirers to his immense following can easily be understood.

## BUILDING STARTS

FULLERTON, April 24.—Work on the Fullerton Improvement Company's building to go up at the corner of Wilshire and Spadra avenues, has been started. Construction is under the direction of Frank Benchley.

## OPERA MIGNON

## Early French Music Makes Interesting Subject at Music Association

The regular meeting of the Santa Ana Music Association was held Monday evening in Earl Fraser's studio. Miss Eunice F. Whipple having charge of the program, which dwelt on the study of early French opera.

Mrs. A. J. Padgham opened the program with a most interesting and instructive paper on early French opera up to the time "Mignon" was written. She gave a brief sketch of the lives of Sully and Rameau and told of the influence they exerted over the very earliest forms of French opera.

A sketch of the opera, "Mignon," by Ambrose Thomas was given by Miss Eunice Whipple, and the following numbers were all taken from this opera. Mrs. Holmes Bishop opened this part of the program with the "Rondo Gavotte." The truly artistic interpretation she gave to this Gavotte and her beautifully lyric voice were both so greatly enjoyed that she was obliged to repeat it.

Mrs. Osmar Deitz, a well-known Los Angeles artist, sang the aria, "Comais tu le pays." Her rich mezzo soprano voice is wonderfully suited to this aria and by her depth of feeling she made one long for the land of sun and flowers even as Mignon longed for it.

Mr. and Mrs. Holmes Bishop then sang, "Segere le Lirionelles." Their voices blended so perfectly in this and their interpretation of the duet was so exceptionally fine, it made it one of the best and most enjoyed numbers.

Mrs. Manuela Budrow, the well-known Spanish soloist, closed the program with the famous Pionnoise, "Je suis Titania." Her beautiful coloratura voice did full justice to this difficult and taxing aria. She responded with a delightful encore.

Earl Fraser played her accompaniment and his exquisite taste and fine musicianship, which are always shown in his accompaniments, were again in evidence last evening.

**Altar Society Meeting**  
St. Joseph's Altar Society and the ladies of the congregation, especially strangers in the city, will be entertained Thursday afternoon at Greenville by Mrs. Charlie Borchard and Mrs. Antone Borchard.

All those wishing to go will meet at the rectory at 1:30 p. m., where conveyances will be provided.

**Missionary Society Meeting**

The Ladies' Missionary Society of the Congregational church will meet tomorrow (Wednesday) at 2 p. m. at the home of Mrs. M. M. Crookshank, 802 French street. Miss Mary F. Denton, principal of the Doshisha School at Kyoto, Japan, will give an interesting story of her work. Mrs. Crookshank would be pleased to see all the ladies of the church who can go.

## HIS CARE

God holds the key of all unknown,  
And I am glad,  
If other hands should hold the key,  
Or if He trusted it to me,  
I might be sad.

What if tomorrow's cares were here,  
Without its rest?  
I'd rather He unlock the day,  
And, as the hours swing open,  
say,  
"Thy will is best."

I can not read His future plan,  
But this I know—  
I have the smiling of His face,  
And all the refuge of His grace,  
While here below.

Enough: this covers all my want,  
And so I rest;  
For what I can not, He can see,  
And in His care I sure shall be,  
Forever blest.

—Selected.

## BRIDE ENTERTAINS

## Dr. Ada Keller Henery Hostess to Club of Which She Is Popular Member

Bidding farewell to the club members with whom she has been pleasantly associated for so long, Dr. Ada Keller Henery, who was married last Wednesday, entertained the H. T. S. E. Club at her West Fourth street home last evening. Dr. and Mrs. Henery expect to leave in about a week for their home in Bozeman, Montana.

The home had been transformed into a bower of beauty with a profusion of beautiful roses, a different hue being used in each room. Rook was the diversion for the evening and at the conclusion of the games, the popular bride was presented with a beautiful set of table cloth and napkins from the club, the neat presentation speech being made by Miss Vanche Plumb.

The recipient pleasantly responded. The members were all glad to meet the groom, Dr. Henery, who with Mrs. and Mrs. Keller, parents of the bride, assisted in making the evening a delightful one.

Delicious refreshments of ice cream, cakes and mints were served, the club members present being Misses Vanche Plumb, Hester Covington, Frances Lapum, Carrie Miller, Dora Beecher, Della and Olive Wagner, Artie Cleveland, Ada Jordan, Mary Andrews, Lottie and Alma Sweet.

## BIRTHDAY DINNER

## Mrs. Frank Talbert Celebrated Anniversary at Home of Mrs. W. O. McLeod

Mrs. W. O. McLeod and her daughter, Mrs. V. B. Harris, yesterday turned their home over to Mrs. Frank Talbert, who has been a member of their household for the past year, that she might celebrate her birthday. She entertained a number of her friends at a noon dinner and social afternoon.

The rooms were decorated with lovely roses of various kinds and the centerpiece for the table was fashioned of the beautiful blossoms.

Mrs. Talbert received a number of useful and appreciated gifts and the hearty best wishes of her friends, who were Rev. and Mrs. S. W. Stone, Rev. and Mrs. Burton J. Neal, Mr. and Mrs. Frank Blain and Mrs. Marie Kaufman.

## CONGRESS MOTHERS

## 4th District At Olinda Elects Officers, Hears Fine Address, Passes Resolutions

The Fourth District Congress of Mothers convened Saturday, April 21, for the last all-day meeting for 1917 in the Olinda school house with a very good attendance of enthusiastic, working mothers, who are awake to the needs of their communities and accomplishing much along many lines as was manifest from the final reports of their year's efforts.

The Olinda people had converted the spacious hallway of their main building into a unique auditorium for the occasion beautified by most artistically arranged asparagus ferns and nasturtiums on chandeliers and piano.

The president's desk, surrounded with a profusion of ferns and yellow roses, made a much appreciated cooling atmosphere considering the warmth of the day.

**Yearly Reports**  
The morning session opened at 10 o'clock with devotionals conducted by Mrs. L. K. Strong of Santa Ana, who then presented the convention the little booklet, "The Flag," which the education department has recently published.

Mrs. G. H. Goodale, the president, then proceeded with regular routine business of the day by the appointment of a resolution committee and press reporters. She then gave her yearly report of accomplishments of 1916-17 mentioning among other creditable things the organization of six new P.T. associations in Orange county.

The yearly reports of the following officers, showing as a whole a keen interest and marked evidence of advance in the work of their various departments, followed: Corresponding secretary, Mrs. R. J. Sweet; auditor, Mrs. D. E. Huff; education department, Mrs. L. K. Strong; National Magazine, Mrs. Snyder; legislative dept., Mrs. J. N. Anderson; press, Mrs. W. A. Patterson; playground, Mrs. Reid; reception, Mrs. Crissman; child hygiene, Mrs. Huff; and emergency, Mrs. Osborn. Then followed brief summaries of the local P.T. A's work of the year, all of which showed appreciable advancement.

**Officers Elected**  
The following officers were elected by unanimous vote: First vice-president, Mrs. Lush; third vice-president, Mrs. Sheppard; recording secretary, Mrs. Kemp; treasurer, Mrs. Simon; parliamentarian, Mrs. Stanley; historian, Mrs. John Clarkson.

Adjournment was taken for the noon hour and lunch was attractively arranged in the school yard under lovely pepper trees, which made an ideal place for the long picnic tables so festive in bright California poppies and terra decorations. The hot coffee and tea and generous serving of tamales pie, donations of the Olinda ladies, added much to the already laden tables of sandwiches, cakes and salads.

After lunch an inspection of the domestic science department of the school was much enjoyed.

**Executive Board Meets**  
The executive board met at 1 o'clock for transacting necessary business routine, such as allowing of bills, and conferences and lastly appropriating funds from the treasury to send the president, Mrs. G. H. Goodale, as representative to the state convention convening in Sacramento May 22-25.

**Afternoon Session**  
The afternoon session opened with the following most enjoyable half hour's musical program: Selection, Grammar School Orchestra, Olinda; vocal solos, Lillian Ryan; reading, Miss Kettleson; vocal solo, Mr. Shumacher.

Mrs. Huff announced the tickets for state convention in Sacramento on sale May 20th. A rate of one and one-third fare has been secured and any one planning to go should notify Mrs. R. J. Sweet, corresponding secretary of fourth district, requests the names of all new officers of local P.T. A. associations be sent her immediately after election.

Then followed an interesting question box, which brought out a number of pertinent subjects of interest to the work such as "Why is it not as necessary to examine a janitor of a school as the pupils?" "How much does it cost to install a domestic science department in a school?" "How do most of our high school pupils study—in a hall or a classroom?" "Is there any association which oversees a summer playground?"

**Splendid Address**  
The address of the afternoon, "Scientific Study of Juvenile Problems," was convincingly presented by Dr. J. Harold Williams, director of research at Whittier State School, who told of the work of the 200 delinquent boys of this school and some of the problems the officials have to meet continually.

All Wheat Ready to Eat

Mr. Williams said in part:

"The two hundred boys we have in our school are sent to us through the courts and are either delinquents or dependents; they are entered at 15 or 16 years and kept until 21 years old unless paroled at 17. All are taught trades, as blacksmithing or carpentering, tailoring, printing, making of shoes, etc. The school has progressed from a correctional to an educational school. There is very little rigid discipline and no corporal punishment allowed for the past two years. The severest punishment for a misdemeanor is three or four days on bread and milk.

Each boy is placed in a class where he is best adapted and works four and one-half hours a day, advanced from class to class as his ability credits, until he reaches the honor class where he is practically independent of school restrictions, such as regular sleeping hours, having a room to himself etc.

"The department of research consists of four members, viz., a psychologist, physical trainer, field worker and a record keeper or clerical head. The state spends every ten years four millions on delinquents; therefore the need of this research department to determine causes and general make-up of delinquents.

"Since the level of intelligence is native capacity from birth is a psychological problem the Whittier school has instituted many tests arranged in order of difficulty from three years old to the superior adult. Mental age doesn't coincide with chronological age. From these tests we have pointed out five groups, as follows: (1) Superior, (2) Normal, (3) Dull Normal, (4) Border line of Feeble Minded, (5) Feeble Minded.

**How Boys Are Classified**  
Out of our 200 boys, sixty-four are feeble minded, who APPEAR normal and are not. Two out of every 100 people are feeble minded. The average of 215 boys ranging to the age of 17 years, mentally test only 12 years. Feeble minded persons never exceed the mental age of 11 or 12 years or border line. There are eighteen times more feeble minded boys in a delinquent group than in equal group of public school boys. If this is true, is it their delinquency that has made them duller? No, it is their feeble mindedness that has made them delinquent. Such boys usually fall out of school at age of 12 years. After they are discharged from school they usually marry feeble minded girls. Seventy-five per cent of feeble mindedness is inherited, as shown in cases of offspring, viz., children of normal parents are normal, children of feeble minded parents are feeble minded. In cases of a feeble minded father and normal mother, children are normal but carry potentiality of feeble mindedness or are simplex.

"In cases of a simplex father and feeble minded mother, offspring is defective and simplex. In case of simplex father and normal mother, children are normal and simplex.  
**What Is Remedy?**  
In view of these startling facts, what may be done to prevent feeble mindedness? There are two things to

**Juice of Lemons!**  
How to Make Skin White and Beautiful  
At the cost of a small jar of ordinary cold cream one can preserve a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. The juice should be taken to strain, the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as sallowness, freckles and tan and is the ideal skin softener, smoother and beautifier.  
Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is wonderful to smoothen rough, red hands.

**University Nebraska Dinner**  
The graduates of the University of Nebraska will have a dinner at the Pin Ton in Los Angeles April 28 at 6:30 o'clock. Among the graduates here are Miss Margaret Egge, Miss Faye Meyers and Nat Neff. Any who are graduates will be cordially welcomed.

**O. B. G. Class Meeting**  
The O. B. G. Class of the United Presbyterian Sunday school held its social meeting last evening with Miss Mary Smart. Beautiful pink and white adorned the home. A very delightful evening was spent, chatting over fancy work, and the hostess, assisted by her sister, Miss Mary Smart, served tempting refreshments.  
Miss Martha Smith, who accompanied by her mother, will soon leave for

prevent; one is sterilization and the other is segregation.

"There are 4000 feeble minded children in California. What can the P.T. A. do to help this great problem? First, remove the feeble minded pupils from the public schools; second, insist on more scientific research work and that the public schools have a psychological research department; third, urge legislation to make room for these feeble minded persons."

A storm of applause greeted the speaker at the close of his address and the congress moved to appoint the following committee to investigate a possible psychologist for the district: chairman, Mrs. J. R. Baker, Santa Ana; Mrs. Vellin, Olinda; and Mrs. Wm. Benchley, Fullerton.

Strong resolutions were passed and adjournment taken.  
The resolutions are as follows:  
Resolved, that we recommend to the Fourth District Congress of mothers that in accordance with President Wilson's request for simpler living, that we dispense with all the extravagant social functions in connection with school and P.T. A. work.

Resolved, that we extend our heartfelt sympathy to our parliamentarian, Mrs. Stanley, in her recent bereavement, and that this be placed on our minutes and a copy be sent to the family.

Resolved, that the Congress extend heartfelt thanks to the Olinda P.T. A. for the delightful entertainment and delicious luncheon which has made the day so pleasant for us.

Resolved, that we extend our thanks to the outgoing officers of the Fourth District Congress of Mothers for their faithful and efficient service during the past year.

## RED CROSS PARTY

## Miss Alice Huntington Carried Out Clever Arrangements For Delightful Evening

A social function, which carried out very clever ideas of the Red Cross, was given to a party of her club friends last evening by Miss Alice Huntington at her home on South Main street.

Adding to the military idea, General McArthur roses prevailed for the house decorations, being greatly admired in all their regal beauty and fragrance.

The evening hours were happily spent with sewing and chat and enjoyment of lively victrola music.

It was in the table arrangements, where the ingenuity of Miss Huntington shown out and she has a sister, who is a registered nurse, able to assist in the appointments.

The table was centered with a wicker basket filled with General McArthur roses. At one end stood the kiewpie captain, armed to the teeth, by his side a toy cannon, and at the other a miniature soldier tent, topped with the Stars and Stripes and with the blanket roll inside. Bullets were represented with little red candles.

Near the center of the table was pitched the Red Cross relief tent, from which waved the flag and decorated with the Red Cross emblem. Inside was a tiny white bed and in the doorway stood the uniformed nurse.

The delicious two course collation was carried out in red and white. Those participating in the pleasures of the evening were Misses Mildred Britton, Irene Craemer, Esther Fluor, Emily Lykke, Helene McNeill, Edna Meyer, Gertrude Potts, and Grace White.

The next meeting will be held in two weeks with Miss Emily Lykke.

an extended trip east, visiting New York, Boston, Washington and Niagara Falls, was surprised when she was presented with a toy suit case to be opened on her journey and filled with letters of advice written by her friends.

—O—

**Had Fun With Grunyon**  
Mr. and Mrs. C. N. Turner and Mr. and Mrs. Paul Smith spent a pleasant evening at Newport yesterday, enjoying a winner bake on the sands and capturing a goodly number of the festive grunyon, when they began to run.

Other fishermen from Santa Ana who enjoyed the sport were Mr. and Mrs. Clare Jonason and Charles Clayton. The men not only got the grunyon but a good wetting in the bargain.

—O—

**Sodality Surprises Brides-Elect**  
The Young Ladies' Sodality of St. Joseph's Catholic church gave a very pleasant surprise last evening for two members of the sodality, Misses Mary Lipps and Elizabeth Vaudeputte, who will tomorrow morning become the brides of John Vaudeputte and Victor Lipps at a double wedding and nuptial high mass.

The surprise was given at the home of Mrs. John Maas, sister of Miss Lipps, at Orange, the rooms being decorated with pink carnations and roses. The four interested young people had been at the church, practicing for the nuptial ceremony and after their return, the company of surprised arrived. Games and music pleasantly passed the time.

Rev. Father H. Eummelen, pastor of the church, presented each charming bride with a handsome silver meat fork, gifts from the Sodality, and each prettily responded.

Buffet refreshments were enjoyed before the merry young people departed. About twenty-five were present.

—O—

**Enjoyable and Financial Success**  
The auditorium of the Spurgeon school was artistically decorated for the entertainment given there last Friday evening, the colors being red and green.

A varied program was given consisting of Irish songs by Mr. White, followed by an Irish jig and some Scotch figures by Miss Browning.

Miss Robertson pleased the audience with some Irish readings, as did Mr. Sylvester with Irish songs. The readings by Miss Hardin were much enjoyed and the evening's entertainment closed with a comedy entitled "Mr. Dunbrow's Daughter," under the direction of Mr. Kaufman, the cast of characters being Mr. Kaufman, Mr. Tanner and Mr. White. Several amusing situations occurred, which were finally explained as the result of an April fool.

The entertainment was not only enjoyable, but was financially a great success and the Parent-Teacher Association wishes to express its thanks to all those who so kindly took part.

## RECEIVED SAD NEWS

Word was received here yesterday of the death of Mrs. F. B. Dunlop, oldest daughter of Mr. and Mrs. W. J. Fleming of North Main street. Death occurred at Fort Smith, Ark.

Mr. and Mrs. Fleming were called to their daughter's bedside and reports were sent that the patient was rapidly improving, but complications arose and death ensued. Mrs. Dunlop had often visited her parents here and the family has the sincere sympathy of their friends.

## THE GREAT DIVIDE

The woman in the prime of life need not dread to meet the loss of her youth when growing elderly. While some charms diminish, others should replace them—charms of experience, cultivation, wisdom. The great physical changes met between the fortieth and fiftieth year are indeed serious, and are not always well borne. In the strain of modern life, few women are in condition to meet these changes without some apprehension of deranged health. But with the excellent help of Lydia E. Pinkham's Vegetable Compound, that old, trustworthy woman's medicine, a woman may confidently expect to enter later life as well and robust as ever.—Adv.

## A Texas Wonder

—The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for testimonials from this and other states. Dr. E. W. Hall, 2296 Olive street, St. Louis, Mo. Sold by druggists.—Advertisement.

## Personals

Mrs. C. V. Davis and Mrs. J. I. Clark visited in Los Angeles today.

W. L. H. Benton has gone to San Diego to visit his family.

Mr. and Mrs. F. M. Young had as their guests Sunday Mrs. Martha Croll and her mother, Mrs. C. Carr, of Denver. They were given a drive about the county and were so delighted that they will return later for a longer stay.

Mr. and Mrs. J. P. Graham left for their home in San Francisco today, after a short visit with Mrs. Graham's parents, Mr. and Mrs. D. H. Dunkin and other relatives.

Mr. and Mrs. Charles Kaufman, of Selma, Cal., who have been visiting at the home of Mr. and Mrs. O. H. Dunkin, left for their home today. Mrs. Dunkin and Mrs. Kaufman are sisters.

Mr. and Mrs. N. W. Best of 1134 West Highland, and Mrs. Charles Best today left for Brawley by way of Beaumont and Banning, for a visit of two weeks with their son and daughter-in-law, Mr. and Mrs. W. H. Best and their daughter, Mrs. G. M. Best. They will also visit their granddaughter, the wife of Dr. Thomas Thompson, at Imperial.

H. C. Dodge, superintendent of traffic, was here from Los Angeles today visiting the office of the Western Union Telegraph Company.

The big sale of Dinnerware and China at D. L. Anderson's this week is an event of importance, inasmuch as the war has caused a decided shortage in the materials which go to make up dinnerware and china. The dinnerware sets on sale are perfect gems. The identical patterns as carried by the leading San Francisco and Los Angeles firms are on sale at Anderson's this week. Such dinnerware will probably never again be offered at such prices.

## HARDWARE DEALERS TO MEET IN RIVERSIDE

## HIS STORY NOT CONVINCING TO THE JURORS

Fresno Youth Is Convicted of Stealing An Automobile  
At Anaheim

Out seeing the world, Dan Goodan and A. C. Anderson, both of Fresno, got into an automobile at Anaheim and returned home. Anderson is in San Quentin on a five-year sentence, and yesterday Goodan was found guilty of felony. He will be sentenced Friday.

Goodan declared he was innocent of the theft. He and Anderson were out together knocking around, working one place, then another. In his testimony yesterday Goodan said Anderson told him he bought the automobile, and it was not until they were within eighteen miles of Fresno that Anderson told him to look out for the police.

Goodan's story had some weak spots in it, and the jury brought in a verdict of guilty. Attorney Reinhaus, who defended Goodan, gave notice to Judge West that he would ask for probation for Goodan.

### Divorce Matters

The default of the defendant has been entered in the action of Robert C. Masters against Myrtle J. Masters. Suit for divorce has been brought by Albert C. Scholes against Grace M. Scholes. H. C. Head is attorney for the plaintiff.

### For Administration

C. C. Smith has asked for letters of administration on the estate of his son, Arthur Wells Smith, who died at Yorba Linda. The estate worth \$15,500, will go to the parents of the deceased. H. C. Head is attorney for the petitioner.

The will of George Osher, who died at Anaheim, has been filed for probate with Chas. Eganbrod as petitioner and Leonard Evans as attorney. The estate is valued at \$27,500. The home place, worth \$6000, is to go to the widow. Half of the remainder goes to the widow and the other half is to be divided among five children of the deceased.

### Sues for His Pay

J. H. Buhrman has brought suit against J. W. Walls. Buhrman asserts that he cared for Walls' ranch, four and a half miles northeast of Anaheim, and for labor he asks \$129.61; for money paid to others, \$84.75, and for water \$256.62. Leonard Evans is attorney for Buhrman.

### Praises McDannald

Today the Board of Supervisors received a letter from Don H. Porter, owner of the Modjeska ranch. Porter stated that he heard D. W. McDannald's lecture on Orange county at the Los Angeles Chamber of Commerce, and was thoroughly inspired and completely informed by it. Porter said he was sending many of his friends to hear the county lecturer.

## STATE TO PAVE ROADS THROUGH THREE CITIES

Completion of Highway From San Diego to Descanso Is Assured

SAN DIEGO, April 24.—Completion of the paved highway from San Diego to Imperial valley via Descanso is assured by the notice received yesterday from the state highway commission in which it is announced that that board has decided to pave streets through the municipalities of East San Diego, La Mesa and El Cajon. Paving will be done also in Oceanside on the Los Angeles route.

This will be the first time in the

## MAYR'S WONDERFUL REMEDY FOR STOMACH TROUBLE

ONE DOSE WILL CONVINCE

Gall Stones, Cancer and Ulcers of the Stomach and Intestines, Auto-Intoxication, Yellow Jaundice, Appendicitis and other fatal ailments result from Stomach Trouble. Thousands of Stomach Sufferers owe their complete recovery to Mayr's Wonderful Remedy. Unlike any other for Stomach Ailments. For sale by druggists everywhere.

history of state highway work that the commission has consented to pave streets within the limits of incorporated cities and is the result of a number of conferences between the commission and a committee representing these cities and civic organizations of San Diego.

The streets within these municipalities, or such portions thereof as are to be paved by the commission, will be turned over to it as state highways. The commission will pave about three-fourths of each street, leaving the respective municipalities to pave the remainder. This they have agreed to do at once.

Another factor in inducing the highway commission to take this step was the subscription by the San Diego clearing house to \$150,000 worth of state highway bonds authorized at the state election last fall.

With these gaps filled, the highway from Torrey Pines grade to India street paved, as now planned by the city of San Diego, and the last forty-mile gap in the neighborhood of Descanso completed, motorists soon will be able to ride from Los Angeles to Imperial valley via San Diego on paved highways. With the exception of short strips through East San Diego, La Mesa and El Cajon, the state highway is paved from San Diego to Flynn Springs, and work now is being rushed on the forty-mile strip from the latter point via the Vieja grade, Descanso, Pine valley and Buckman Springs to Mountain Springs on the present Imperial valley road running through Jamul, Dulzura, Cottonwood and Campo. The latter route is being put in shape by the supervisors so that it can be used during the completion of the paving between Flynn Springs and Mountain Springs.

## KAYSER SILK GLOVES

Black and white, also white stitching on black, and black stitching on white.

60c to \$1.15.

## Gilbert's INC

110 W. FOURTH ST. SANTA ANA, CALIF.

## PICTORIAL REVIEW

Gilbert's is the home of Pictorial Review Patterns. A 15c pattern free with the Spring Fashion Book.

## Fancy Silks

Exceedingly Attractive New Weaves

Principally shown are the new taffeta and satin combinations in stripes, plaids; and checks. These are to be had in beautiful light, medium and dark colors, and in the most wanted combinations of shades. A choice assortment of black and white effects as well. Prices range \$1.50, \$1.75, \$2.00 and \$2.25 per yard.

## Wide Striped Taffetas

Especially do we mention the new wide striped taffetas for separate skirts in beautiful color combinations. 36 inches wide at \$2.00 yard.

## Wool Finished Pique

A wide wale white pique with that soft wool finish, 36 inches wide, unusually heavy for skirting. When soiled, responds best to dry cleaning to preserve nap, at only 65c yard.

## Oyster Shell White Pongee

A much favored all silk heavy quality, for suits, skirts and dresses. The weight is unusually heavy, and the low price extraordinary. 34 inches wide at \$2.25 yd.

## All-wool Cream Bedford Cord

Soft, all wool suiting, of medium wale. Much desired for fine skirts, suits and coats. 54 inches wide, at \$2.50 yard.

## Wash Weaves New and Desirable

### 36-inch Sports Pongee

Half silk fabric for summer frocks and blouses. Coin dots and large dots. 36-inch at 75c.

### 36 to 40-inch White Waistings

You'll appreciate the large variety if you have summer blouses to make. Stripes, checks and large plaid effects, at 35c to 48c yard.

### 36-inch Fancy Suitings

New sports designs and colorings. Almost an endless variety, very popular this season, at 25c to 65c yard.

## Longtex Voiles

A double thread, hard twisted yarn, in the most beautiful patterns. Shown this season for the first time. (See window display.) 40-inch wide at 75c yard.

## 36 in. Illusion Voiles

Designs and colorings are new novelty checks, checks and stripes combined, and large plaids. Effective for summer frocks. 36-inch wide, 29c to 48c yard.

## Children's Hose

Children's Half Hose in white with colored tops of pink, blue and black, at 15c and 25c pair.

## Long-Cloth

A fine quality of Nainsook finish Long Cloth in 10-yard lengths. A special offering while it lasts. 36-inch wide, at \$1.15 bolt.

## GROSSMAN CASE TO REACH JURY TODAY

C. W. Grossman, who was arrested in Santa Ana with a car that was stolen in San Diego, is on trial before a jury in San Diego. The case will go to the jury this afternoon.

Grossman was taken into custody by Deputy Sheriff A. K. Cravath of Santa Ana, and Cravath was a witness yesterday. Grossman's defense is that he bought the car innocently from a man named John Simmons. John A. Simmons of Escondido was put on as a witness, and he declared he had never seen Grossman, never owned an automobile and never stole one and never sold one.

Grossman admitted that he applied for a license for the car under the name of J. E. Connors, but said he did it to keep his wife, with whom he said he had had trouble, from knowing he owned a car.

The man is the son of a wealthy grocer of Milwaukee. For five years he was connected with the purchasing department of Los Angeles county. The machine he had here was made up of the body and wheels of one machine and the engine of another.

## FULLERTON-PLACENTIA VALENCIA SHIPMENTS TO BRING HUGE SUM

FULLERTON, April 24.—Estimates today place the Valencia orange production of the Fullerton-Placentia district at between 1200 and 1300 cars, a gain over last year's crop of more than 300 cars. The value of the crop from this district is put at \$1,200,000, and that is a conservative estimate.

Orange is probably the only place in the county where Valencias are being shipped at this time. Shipping will not start in earnest until the latter part of May, which is approximately thirty days later than the season started last year.

## MISS EMMA AWE JOINS COLLEGE DETACHMENT

Miss Emma Awe of Tustin, a graduate of the Santa Ana High School, now a student at the University of Southern California, will take a course in study as a war nurse. She and two other girls of U. S. C. enlisted at a patriotic gathering last Friday evening. The enlistment is in connection with a sanitation detachment recruited largely from students of the college of pharmacy.

Miss Awe, in a message to the Register, stated that she had taken up the study of first aid work in connection with her other studies, and if called would enter active service.

**BAD COUGH? FEVERISH? GRIPPY?**

## "Southern Prepared Paint" Is the best for professional painter as well as amateur, because:

1. It contains only the best materials, selected as only an experienced and honorable maker can do.
2. White Lead as sold today, alone with Linseed Oil, makes a fugitive paint. It will decay and disintegrate rapidly.
3. "Southern Prepared Paint" has been made from the beginning to give better results than are possible otherwise. It must not be associated with cheap imitations and "special" mixtures.
4. It is mixed and ground by machinery better than it is possible for any one to do by hand.
5. It is made by a reputable manufacturer. It is therefore no experiment, and you take no risk in using it.

## OTHERS JOINING FIGHT AGAINST ENTRANCE OF SALT LAKE

**Yorba Linda Body Expresses  
Itself As Opposed to Com-  
ing of New Railroad**

Yorba Linda and Placentia have joined with Villa Park and McPherson in protesting against the coming of the Salt Lake railroad. The property owners' campaign against the railroad was started at Villa Park. There has been some opposition reported from the Red Hill district.

The Orange Merchants & Manufacturers' Association joined with the Villa Park protest.

It is evident that many property owners of the Yorba Linda and Placentia districts do not want the Salt Lake freight spur built into their territory. A protest has gone up from the Yorba Linda section in the form of a resolution setting forth in specific terms the entire situation, as Yorba Linda sees it, and was adopted by the unanimous vote of the Yorba Linda Chamber of Commerce.

In addition to this strong protest, some individual property owners of the Placentia district are making every possible effort to oppose the building of the railroad. They have also prepared a protest in the form of a resolution, which they are signing personally and are circulating throughout the district.

In part the resolution passed by the Chamber of commerce here follows: "Now it appears that another railway company, namely the Salt Lake company, is making arrangements to build into this territory for the specific purpose of grabbing some of the freight business which others have created. This contemplated move is

## DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness, others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

**W**HEN the Germans ran pell mell from their positions on the Somme the Australians were on top of them. They refused to wait for horses to drag their heavy guns, but dragged them along to find new positions to shell the fleeing enemy. The lower photograph shows Australians in an abandoned German trench making it over for their own use should it become necessary to dig in.

not for the purpose of giving the territory any better passenger service and probably none at all as it is an acknowledged fact that this line would be simply a jerk-water stub line running out here only for the purpose of cutting into the freight business. As a railroad coming into this section it would be of no more benefit than a warehouse switch.

"On the other hand, the building of such a spur into this community would be of inestimable damage as it would mean the destruction of many of the finest groves and the homes hereon. It would certainly be no less than a calamity to the district for the reasons that it would destroy valuable property, it would add many death-traps in the form of grade crossings, it would so divide the freight business that the Pacific Electric company would be compelled to reduce its passenger service, and would not soon, if ever, extend its line through the Santa Ana canyon to Corona and place us on a main line, it would be a miserable and unnecessary freight spur with the demand for the building of more packing houses.

"Now, therefore, in view of all of these facts, be it

"Resolved, that the building of another railroad here is entirely undesirable and objectionable, and would be of untold damage to the welfare of our community, and be it further

"Resolved, that we will individually and collectively protest against such a movement by refusing all patronage of any intruding concern, and that we will in every legitimate way sternly resist the destruction of our property, and be it further

"Resolved, that a copy of this resolution be at once sent to the main offices of the Salt Lake company and also the State Railroad Commission with an appeal to them to abandon the contemplated project and thus avoid the construction of many grade crossings, which, in this case, would be so foolishly wrong and unnecessary."

## METHODIST CHURCH REVIVAL MEETING AN INSPIRING ONE

One of the most inspiring meetings in the revival being held at the First Methodist church took place last evening, when the auditorium of the church was filled. There was a large number of young people present, including a company of Boy Scouts, under the leadership of Keith Davis. The boys shook the hands of Rev. Fred H. Ross, the evangelist, who had preached a powerful and appropriate sermon to both young and old on "The Prodigal Son." Many saw their way to return to their Father's house as did the son who went far away after receiving his portion of worldly goods.

The evangelist pictured the prodigal son, as in all the splendor and pride of young manhood, he asked his father for his share and in his strength and vigor felt equal to going out into the world to do for himself in spite of the pleadings of his mother and the advice of his father.

After all had been spent, sin had palled upon him, he was shown as he realizes that all is vanity and makes a determination to return to his father's house.

The Pull of Sin  
 Rev. Ross said that the pull of sin is strong. It pulls people away from God, their homes and their churches, and when people are once away, they are a long way off. Boys and girls who slip away from their mother's prayers, drift quickly away. Many fall from pinnacles into the mire of sin. They do not think they are going very far, only to the next level, but they are soon at the bottom. Drifting often starts by leaving off prayers. When Christ is refused in any way, something is bound to be lost.

People want to go to Christ, but they are unwilling to give up their wills; they refuse to surrender. The prodigal son, when all his portion was spent and he was thoroughly humbled,

## PADGHAM STRONG FOR PLANTING BACK YARDS AND LOTS

**Santa Ana Boy Is Boosting  
Food Stuff Production  
At Wilmington**

Henry Padgham, son of Mr. and Mrs. A. J. Padgham and a graduate of the Santa Ana High School, is actively engaged in promoting the cultivation of vacant lots and back yards at Wilmington. He is agricultural instructor in the schools there.

"Plant Gardens and Win the War" is the title of a circular prepared and issued to the people of Wilmington. It is just as applicable to Santa Ana as to Wilmington, and because of the movement here to induce the cultivation of vacant lots, Padgham's suggestions are reproduced in full, as follows:

Here is a chance for every loyal American citizen living in Wilmington to help win the war.

Everybody can do it. Everybody can help. Everybody can have part in one of the greatest services to be rendered the nation.

Plant something.

By planting and tilling a vacant lot amateur gardeners will become part of Uncle Sam's great industrial army that is as necessary to the nation's success as is the army to be sent to the front with rifles and cannon.

Plant something.

Many persons living in Wilmington can and will take advantage of this opportunity; but there are hundreds, willing and eager to do their part, who have not the required knowledge. See Mr. Padgham at the school for advice and pamphlets on gardening.

Let all persons listen to this suggestion. Why not form little agricultural clubs throughout the city. Let each club include in its membership at least one person thoroughly familiar with crop planting and cultivation. Let this person be the captain of the club and let all work with him and under

**Anglers  
Headquarters**

his direction. By this means the amateur will have the same opportunity as the expert.

Say a half dozen families combine themselves into a club, with one representative from each family to help with the work.

Suppose each member of this club devotes an hour each morning and another hour each evening to the task of cultivating as much land as can be thoroughly and properly cultivated.

This is equivalent to one person working twelve hours daily six days of the week. Ten such clubs scattered throughout the city, would mean the equivalent of ten farmers at work continuously for Wilmington. Is it not plain that such a system, intelligently and effectively worked out, taken in connection with the individual planting and cultivation that will be done, will practically support this city, so far as the vegetable supply is concerned?

Plant something.

By planting something the nation

The trout season opens May 1.

On that day there will flock to the various trout streams thousands of anglers. Santa Ana will furnish its quota of enthusiasts. The trout brooks in Orange county will be veritably swarming with sportsmen seeking to "get the limit" on opening day. The trout fishing game needs no boosting. It is a sport so popular that it draws each year more and more devotees. Nevertheless anything that will tend to add spice and excitement to the game is welcome, as all anglers will agree.

In order to inject something of ginger into the pastime on opening day, this season, the Register and three sporting goods dealers of Santa Ana, namely, A. E. Hawley, the John McFadden Company, and Livesey & Preston have decided to offer prizes for the first four limits caught in Orange county.

The first angler to bring to the Register office, this season, the first limit of trout may take his pick of any of the following four prize awards. The second can have his choice of the three remaining prizes, the third of the two remaining prizes and the fourth will get the last prize.

John McFadden Company will give one Steel Trout Rod, valued at \$4.00, or choice of merchandise to the same amount.

Livesey & Preston will give \$3.50 in merchandise.

A. E. Hawley will give \$3.00 worth of fishing tackle.

The Register Publishing Co. will give one 6 months free subscription.

All trout limits must be brought direct to the Register office.

What is a limit of trout? Here's what the State game law says:

"Fifty fish or, ten pounds and one fish, or one fish weighing ten pounds or over per day."

The law says that fishing must not begin before a half hour before sunrise, or continue beyond a half hour after sunset. An almanac will tell you what time the sun rises on May 1 and what time it sets.

Get out and do your level best on opening day. That, perhaps, is needless advice, for every trout enthusiast will be "on the job" to the limit of his ability, not only on the day the season begins but on every other day he can get away to the streams. Many of you will undoubtedly catch limits, on May 1, but the opportunity to capture one of the prizes offered by the Register and the sporting goods dealers should stimulate you to put forth every effort to catch one of the FIRST four limits.

Trout fishing this season promises to be better than for several years past. Reports from every stream in Orange county are most encouraging. Trout will be found in abundance in Trabuco, Silverado, Black Star, Modjeska and San Juan streams.

will be aided, the city will be aided, the individual will be aided.

This is war time. The United States of America is at war with the greatest military power in the world. It is the duty and privilege of everybody to help the government; and just now the greatest problem is the problem of an adequate food supply. Citizens of Wilmington can help, even more than they suspect.

Prices are high and going higher, because of the crop failures and food shortage. Beside being a patriotic citizen, why not take advantage of this and make some money on the side.

Five dollars for a sack of potatoes next summer will certainly make it worth while.

Get an application blank for reduced water rate for planted vacant lots from Mr. Padgham.

Owners of vacant lots may be located at the City Hall.

Get that lot next to you plowed immediately and PLANT SOMETHING!

# News From Huntington Beach

## CELEBRATION DATE CHANGED TO JULY 4

HUNTINGTON BEACH April 23.—Conditions have changed greatly since the Chamber of Commerce voted to hold a three day celebration in honor of the completion of the boulevard some time in June. A meeting of that organization was held Wednesday evening of last week to consider whether or not it would be desirable to proceed with the plans as previously outlined. Members of the Woman's Club in particular agitated the changing of the plans as they did not think, in view of the war situation that the celebration should be carried out as originally intended.

There was a large attendance at the meeting and considerable discussion. A motion was made that the celebration be carried out as planned and resulted in a tie vote. Dr. F. E. Wilson, the vice-president, who occupied the chair, then cast the deciding vote in the negative and the three days' celebration was declared defeated. The proposition then came up of making the celebration a patriotic affair and holding it for a single day, July 4. This question was also discussed at some length and when the question was put it was carried.

## EAT BIG MEALS! NO SOUR, ACID STOMACH, INDIGESTION OR GAS

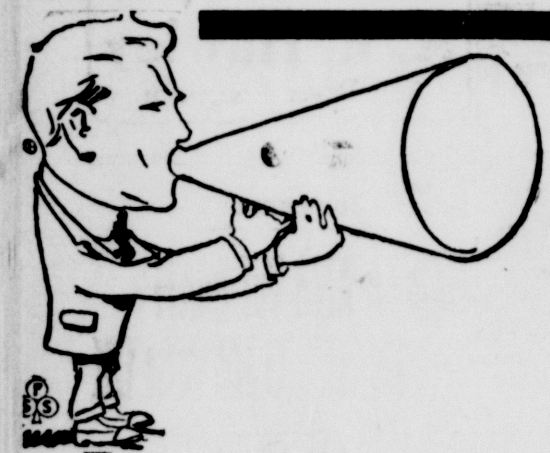

"Pape's Diapiesin" is Quickest,  
Surest Stomach Relief Known  
Try It!

—Time it! Pape's Diapiesin will sweeten sour, gassy or out-of-order stomach within five minutes. If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is usually a sign of acidity of the stomach.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches or dizziness. This will all go, and besides there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin helps to neutralize the excessive acid in the stomach which is causing the food fermentation and preventing proper digestion. Relief in five minutes is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to usually keep the entire family free from stomach acidity and its symptoms of indigestion, dyspepsia, sourness, gases, heartburn, and headache, for many months. It belongs in your home.—Advertisement.

## Everybody Reads Them Daily

It would amaze you to know how persistently our subscribers read the Register "Want Ad" column.

We sincerely believe that our "Too Late to Classify" column is read by everybody who takes the Register.

We base this assertion on the great number of testimonials received in our office every day from people who have used Register "Want Ads"—which we know to be the most potent selling agency at the disposal of people in this community.

Here are three sample testimonials:

Mrs. T. A. Davis, 1323 East Third St., advertised 10 laying Buttercup hens and a rooster for sale. Early next morning she sold the whole lot to the first caller. "People kept coming all day," she added, by way of appreciation.

Otto G. Kan, 610 South Ross, advertised some furniture, enough for three rooms. By 7:30 on the evening of his Register "Want Ad" insertion he sold the furniture.

J. W. Osborn advertised some colony houses and feed boxes for chicks.

"I received inquiries near and far, one coming all the way from Capistrano," he enthusiastically testified.

**REGISTER WANT ADS SELL ANYTHING THAT HAS REASONABLE MERIT.**

## ASSESSMENT LARGE, 'DODGING' SOUGHT

HUNTINGTON BEACH April 23.—At the last meeting of the City Trustees it was made clear that the delay in laying the Ocean avenue pavement is found in the interest of the Pacific Electric Co. and the Huntington Beach Co., who own property along the front upon which an assessment of about \$30,000 would be levied toward the cost of the paving without gaining any corresponding benefit. Manager H. L. Heffner of the Huntington Beach Co. notified the City Trustees that the two companies are willing to donate to anyone who will pay the assessment, the entire frontage of over 5,000 feet, provided the person to whom it is donated will agree to pay the assessment. He said that he thought it a good opportunity for the city to gain that amount of frontage. No action was taken by the City Trustees on the matter.

## SPRING FESTIVAL DECIDED SUCCESS

HUNTINGTON BEACH April 23.—The spring festival held by the Woman's Club Friday afternoon and evening proved a decided success both from a financial standpoint and from the standpoint of a social gathering. In the afternoon a large number of ladies visited the hall, which was handsomely and elaborately decorated with American flags and bunting. Articles of many kinds were offered for sale, including cooked food, vegetables, cakes, fancywork, notions, candy, flowers, etc. In the evening a program was given under the direction of Miss Allie Turner, in which some of the best talent of the city participated. Several numbers were given from the High School and leaders in all lines assisted. For fifteen minutes before the performance began the band discoursed music from in front of the club building. Then after entering the hall another series of numbers were given, C. H. Endicott leading. Other numbers on the program were: Vocal solo, Schubert's Serenade, Miss Vera Kyes, accompanied by Miss Van Fleet at the piano. Violin solo, "Joy with Sorrow" (P. A. Terrell) Miss Annie Hill, J. K. MacDonald, accompanist. Selections by ukulele girls, Elsie Armistage, Norma Lorbeer, Irene Engle, Gladys Bolton. Reading, "The Husking Bee," Mrs. L. A. Copeland, accompanied by Mrs. H. T. Dunning on the piano. Piano solo, Hexentanz, Mrs. J. E. McKillop. Vocal solo, Mrs. H. A. Bowman, Miss Van Fleet, accompanist. Mixed quartette, "Just Awaiting for You," Mrs. L. E. Worthy, Miss Gladys Bolton, Mr. Will Gallienne, Mr. L. E. Worthy, accompanist Mrs. Will Gallienne.

Reading, "Ships," Miss Gladys Conrad. Spanish dance, Misses Ina Clemens, Melva Rosenberger, Viola Walton and Elsie Armistage. Vocal solo, Mrs. Frank G. Myers, Mrs. H. A. Benning, accompanist. Medley by the orchestra, including patriotic selections. Mrs. G. A. Shank was generalissimo in charge of the affair. The total profits are in the neighborhood of \$75. The money is to be used on the necessary expenses of the club and the remainder will be used for beautifying the grounds.

## NEW YORK STATE TO SPEED BARGE CANAL

ALBANY, April 18.—In order that an additional route may be provided immediately for shipment of military supplies from the Great Lakes to the port of New York, the state will take a hand in the completion of the barge canal.

Hopes are expressed in the state engineer's office that the waterway may be ready by midsummer. It was announced after a meeting of the canal board that the state would excavate the last section of the canal, fifteen miles in length.

The board decided that in view of the present situation, in which every available means of transportation for men and guns may be needed, it was best not to delay the completion of the canal to May 1918. Accordingly the contract of the Central Dredging company of Cleveland, which was awarded in March, 1916, for the excavation of a section of the canal near Lyons, will be suspended. This action it was agreed, was imperative.

General W. W. Wotherspoon, state superintendent of public works, will be authorized to rent the dredging plant near the Lyons contract belonging to the Statter Sherman company, a private concern. The plant will be floated to the scene of operations during the high water which will follow the spring thaw.

## DECLARE WAR ON RY. WALNUT RATES

WASHINGTON, D. C., April 18.—A joint complaint alleging that practically every railroad in the country is charging unjust, unreasonably, unduly discriminatory and unreasonably prejudicial and therefore unlawful rates for the transportation of walnuts and almonds from California points to destinations throughout the United States has been filed with the Interstate commerce commission by the California Walnut Growers' association and the California Almond Growers' exchange.

The complaint requests the commission to order the carriers to "cease and desist from discrimination" and also maintain and establish lawful rates. Thus far the commission has taken no action, although it is likely the complaint will be investigated and a

hearing will be had either at San Francisco or Los Angeles.

The Walnut Growers' association with headquarters at Los Angeles, points out that it ships large quantities of walnuts from Santa Ana, Anaheim, Carpinteria, Golela, Moorpark, Oxford, Puente, Santa Paula, Santa Barbara, Satcoy, Simi and Whittier. The Almond Growers' exchange, with its main office in San Francisco, explains that Antelope, Arbutus, Banning, Esparto, Concord, Corning, Davis, Fair Oaks, Calistoga, Lancaster, Oakdale, Orland, Paso Robles, Rumsey, Suisun, and Sacramento are its chief shipping points.

**SPRAINS AND STRAINS RELIEVED**  
Sloan's Liniment quickly takes the pain out of strains, sprains, bruises and all muscle soreness. A clean, clear liquid easily applied, it quickly penetrates without rubbing. Sloan's Liniment does not stain the skin or clog the pores like musky plasters or ointments. For chronic rheumatic aches and pains, neuralgia, gout and lumbago have this well-known remedy handy. For the pains of grippe and following strenuous work, it gives quick relief. At all druggists, 25c.

## RUB YOUR EYES

and get a clear vision of the possibilities of Fruit and Nut growing without irrigation in the Templeton-Paso Robles district—a swell place for a home—money making opportunities undreamed of a few years back, a combination of desirable conditions possessed by no other locality in the state, these are reasons why so many men from Orange county and other Southern California points are investing there.

10 acre lots, best orchard zone, near town, fine soil for almonds, walnuts, pears or prunes—all money makers—\$90.00 to \$175.00 per acre.

10 acre lots, young orchards just coming into bearing, \$300.00 to \$400.00 per acre.

Here are two good ones, combinations suitable for dairying, hog raising and fruit growing, ¼ mile from high school.

80 acres, ½ in alfalfa, ½ in fine pear, prune or walnut land, \$200.00 per acre.

43 acres adjoining and in the same combination and price, the alfalfa land owns electric pumping plant and modern cement pipe line system.

Ask me for further information about property there.

## THE MARKETS

**W YORK, April 23.**—Fifty-one selling today. Steady. Wires market reports incomplete. There were 1893 boxes of Florida lemons sold, averaging \$2.75; 10 cases of Spanish Valencia (red) sold \$1.50 to \$2.70, average \$2.10.

**NAVELS** Ave. Buckle \$2.15, worth 2.35, 1.35, 2.40, 2.35.

**LEMONS** Ave. \$3.00, 2.10.

**W YORK, April 23.**—There are and available for sale within last thirty days, 41,000 boxes of lemons, as against 121,000 same date last season and 129,000 same date two years ago.

**Pittsburg Market**

**TSBURG, April 23.**—Twenty cars sold. Market doing better in oranges and lemons.

**NAVELS** Ave. \$2.45, 1.90, 2.40.

**St. Louis Market**

**LOUIS, April 23.**—Eleven cars. Market depressed on oranges and lemons.

**NAVELS** Ave. \$1.60, 1.95, 1.40, 1.50.

**LEMONS** Ave. \$2.05, 1.65, 1.40.

**Philadelphia Market**

**LADELPHIA, April 23.**—Seven cars sold. Market higher on oranges and lemons.

**ANGELES PRODUCE MARKET**

Prices for practically all kinds of fruits were unaltered yesterday. Looks now as if the sharp advance of the past week will not be repeated this week. The individual market of Los Angeles is getting its fright and is not continuing to buy supplies. Summer squash still brings rather high values. Best stuff selling Monday for a crate. Onions are coming in city in larger amounts every day and there were some fine crystal onions yesterday that could be used for \$3.50 a crate. Potatoes firm and if there is any change in near future it is liable to be in favor of a decline.

Onions are expected in the local market by the end of another week in days. Most Los Angeles jobbers have been entirely out of comb for several weeks and extracts are again decidedly scarce.

Ang's session of the Produce Exchange, extra selling for 30 cents a case, out for 29 cents and plus or 27 1/2 cents.

**DAILY MARKET REPORT**

acted daily by telephone from Los Angeles.

**FRUIT—California** Creamery extras, doz. creamery firsts, 30c. These represent 3 cents added to jobbers' to producers.

**(Rivers Bros.)**

38—Pullets, 28c; case count, 20c; 32c. Quotations on eggs, case prices, indicate jobbers and wholesale prices to producers. Quotations on eggs and selected stock are prices to producers.

**ULTRY**—Small broilers, 20c; 24c; 28c; 32c; 36c; 40c; 44c; 48c; 52c; 56c; 60c; 64c; 68c; 72c; 76c; 80c; 84c; 88c; 92c; 96c; 100c; 104c; 108c; 112c; 116c; 120c; 124c; 128c; 132c; 136c; 140c; 144c; 148c; 152c; 156c; 160c; 164c; 168c; 172c; 176c; 180c; 184c; 188c; 192c; 196c; 200c; 204c; 208c; 212c; 216c; 220c; 224c; 228c; 232c; 236c; 240c; 244c; 248c; 252c; 256c; 260c; 264c; 268c; 272c; 276c; 280c; 284c; 288c; 292c; 296c; 300c; 304c; 308c; 312c; 316c; 320c; 324c; 328c; 332c; 336c; 340c; 344c; 348c; 352c; 356c; 360c; 364c; 368c; 372c; 376c; 380c; 384c; 388c; 392c; 396c; 400c; 404c; 408c; 412c; 416c; 420c; 424c; 428c; 432c; 436c; 440c; 444c; 448c; 452c; 456c; 460c; 464c; 468c; 472c; 476c; 480c; 484c; 488c; 492c; 496c; 500c; 504c; 508c; 512c; 516c; 520c; 524c; 528c; 532c; 536c; 540c; 544c; 548c; 552c; 556c; 560c; 564c; 568c; 572c; 576c; 580c; 584c; 588c; 592c; 596c; 600c; 604c; 608c; 612c; 616c; 620c; 624c; 628c; 632c; 636c; 640c; 644c; 648c; 652c; 656c; 660c; 664c; 668c; 672c; 676c; 680c; 684c; 688c; 692c; 696c; 700c; 704c; 708c; 712c; 716c; 720c; 724c; 728c; 732c; 736c; 740c; 744c; 748c; 752c; 756c; 760c; 764c; 768c; 772c; 776c; 780c; 784c; 788c; 792c; 796c; 800c; 804c; 808c; 812c; 816c; 820c; 824c; 828c; 832c; 836c; 840c; 844c; 848c; 852c; 856c; 860c; 864c; 868c; 872c; 876c; 880c; 884c; 888c; 892c; 896c; 900c; 904c; 908c; 912c; 916c; 920c; 924c; 928c; 932c; 936c; 940c; 944c; 948c; 952c; 956c; 960c; 964c; 968c; 972c; 976c; 980c; 984c; 988c; 992c; 996c; 1000c.

### NOTICE FOR SEALED BIDS FOR FIRE HOSE

Notice is hereby given, that sealed bids will be received by the City of Santa Ana, at the office of the City Clerk of said City, at the City Hall, up to the hour of 5 o'clock p. m., on the 1st day of May, 1917, for the purchase of 500 feet of two and one-half (2 1/2) inch double jacket fire hose; each section to stand a pressure of 400 pounds per square inch, not to stretch more than 4 inches when tested. The City of Santa Ana reserves the right to reject any or all bids, and to award the same as to quality of rubber in such section, loss of such section to be charged to the bidder.

Couplings to be made of good brass material, two and one-half (2 1/2) inch Pacific Coast Standard thread, must guarantee couplings to withstand a fall of at least 50 feet from payment to insure against flattening; sample of hose couplings and gaskets for couplings to accompany all bids.

Bidders must deposit with each bid offered a sum equal to 10 per cent of the aggregate of the bid, either by certified check or bond.

The right is reserved to reject any and all bids.

By order of the Board of Trustees of the City of Santa Ana, Cal.  
April 16, 1917. E. L. VEGELY, City Clerk.

### NOTICE FOR PUBLICATION OF TIME OF PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California, in and for the County of Orange, in the matter of the Estate of Sarah K. Hill, Deceased.

Notice is hereby given that Friday, the 27th day of April, 1917, at 10 o'clock a. m. of said day, at the Court room of said Court, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Carrie M. Kimball, praying that a document now on file in the Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to Carrie M. Kimball, at which time and place all persons interested therein may appear and contest the same.

Dated April 13, 1917.  
W. B. WILLIAMS, County Clerk.

BLACK SQUEEGEE TREAD

RED SIDE WALLS

Jack Willey

**"I Can Sell Almost Any Make of Tire Once"**

—but this town is not big enough in which to do business on the ONE SALE ONLY basis.

I must sell tires again and again to the same people.

On this principle my business has grown because I sell a tire that cuts down upkeep to a fair and reasonable figure.

People ask how far will this tire run? I tell them we rarely see a Diamond that won't go five thousand miles. Yet Diamonds are PRICED on a basis of only three thousand five hundred miles.

There is no "velvet" in the price, but plenty of "velvet" in Diamond mileage.

We carry a complete line of sizes in stock and can fill your tire wants immediately. If you can't come, telephone.

Every Diamond Tire must deliver full value in service. If ever a Diamond Tire fails, a cheerful, willing adjustment will be promptly made.

**Jack Willey**  
417 N. Broadway Santa Ana, Cal.

**Diamond TIRES**

## HOW TO PREPARE AND PLANT 'SPUDS

BY EUGENE H. GRUBB  
Noted Authority on Potato Growing

There are certain fundamental principles of potato growing that are the same the world over.

The most important factors to be considered in successful potato-growing in California are:

Proper soil conditions.  
Rotation of crops.  
Healthy high altitude seed.  
Whole seed potatoes partially matured.

Disinfecting seed potatoes.  
Thorough seed bed preparation.  
Cultivation.  
Irrigation.

The potato must have an open, porous soil—well filled with fertility—and open so air may penetrate readily.

Open mixture of soil is necessary not only that there be oxygen to make it possible for the bacteria to work and liberate fertility for the use of the plant, but that the tubers may develop evenly and uniformly.

That it pays to use whole potatoes for seed has been proven by the successful potato growers of Great Britain and the continent of Europe for so many generations that the subject of cutting the seed potato no longer admits of any argument.

If the supply of nutriment must come from a very small piece, the plant is forced to secure nutriment from the soil when it is in much less vigorous condition than if it has a good mixed whole potato to draw from.

The success of a crop of potatoes depends so much on the start it gets that it pays well to furnish this extra weight of seed per acre as an insurance for a good crop.

There are two kinds of diseases affecting the potato—one kind in the inner tissues, another attacking the skin.

The only way to prevent the diseases of the inner tissues is to plant disease-free seed.

The diseases of the skin of the potato may be prevented by soaking infected seed for two hours in a solution made by dissolving eight ounces of bichloride of mercury in thirty gallons of water.

In order that the tubers may have an open, "mellow" crust in which to form, and that plenty of fertility may be liberated to be taken up by the rootlets of the plant, it is necessary that the soil in which the potatoes are to be grown shall be plowed deeply—six to ten or twelve inches, and that it be disked and harrowed until the lumps are made fine and there is a mass of well aired, nicely worked earth that will pack firmly around the tuber, supplying moisture at every point and which will be in readiness to supply food to the rootlets as they start.

As much of the cultivation as is possible should be done while the seed bed is in process of preparation.

If it is kept in mind that the potato plant must have a constant supply of moisture during the entire growing period few mistakes will be made in irrigation.

## PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, April 24.—Mrs. H. C. Moberly was hostess to the Get Acquainted Club at one of its happy gatherings. Needlework and social converse whiled away the time. The rooms were attractive with pink and white roses and blue forget-me-nots. Two visitors, Mrs. Fleetwood Bell and Mrs. Edgar Chapman, were entertained. The following members were present: Mmes. Carl Pister, Frank Pister, H. Drew, M. A. Simon, W. S. Ensign, S. M. Morrow, Ross Folger, Walter Rupp and H. C. Moberly. The next meeting will be held in two weeks at the home of Mrs. Emil Miller.

A birthday surprise party on Albert Benson and Ralph Smith was a pleasant event at the C. L. Benson home, 310 East Walnut avenue. It was a delightful occasion, with about twenty-two guests present. Delicious refreshments were served.

Mr. and Mrs. M. O. Ainsworth, Mr. and Mrs. Byron Fletcher, Mr. and Mrs. Carl Schmidt and Mr. and Mrs. Earl Johnson formed a motor party to Hemet.

Contractor Arthur Peley of West Orange is spending some time in Riverside county where he has a contract for building a dwelling.

Richard Cole and family of Anaheim visited at the W. D. Cole home on North Cambridge street.

Dick Sole of Anaheim, who has just returned from a stay at Banning, was an Orange visitor.

Mr. and Mrs. Guy Smith and family of Placentia visited with the A. M. Smith family.

Romaine Camfield was home from Los Angeles with his parents, Mr. and Mrs. E. W. Camfield.

B. F. Phinney, who was severely hurt a week ago by falling from a barn, is steadily recovering.

A trip to Oran Grande, where he visited his son, Hugh Claypool.

Mr. and Mrs. E. J. Ruben and children, of Morenci, Ariz., are visiting their uncle, J. G. Helwig, of East Culver avenue.

Miss Margaret Paris was home from Los Angeles Normal school over Sunday.

The A. Jorgenson family of Villa Park has moved to Orange, locating on Water street.

Mrs. Ora Piper of Villisca, Iowa, is registered at the Hotel Orange.

Ray Nunn made a trip to Los Angeles.

W. H. Riley, of Los Angeles, was a local business caller.

**—why T. A. Morris of Santa Ana bought at**

**NUEVO RANCH**

**REGULAR \$500 LAND (with WATER) at \$250 PER ACRE**

Here is Morris' letter:

Nuevo Land Co.

Gentlemen:—I located at Nuevo, coming here from Santa Ana, because I was seeking a new country with a good present and a better future. I looked around carefully and picked Nuevo as a real winner. Without a question of a doubt the soil, water and climatic conditions here are more advantageous than those of Orange County. Good proof of this is the fact that so many Orange County ranchers are locating here. If this keeps on we will have to name this place "New Santa Ana."

I know of no other place in California where a rancher can get so many genuine farming advantages for so little money. My entire family likes the country. We have good school and social advantages. I can say that there is a mighty big hearted company back of this land. They act more than square with everybody. I think this land will go to \$400 an acre before very long.

(Signed) T. A. MORRIS.

## Nuevo Ranch is a real farming opportunity

Do you know that Nuevo Ranch land actually sells itself? Do you know that it requires no argument, urging, coaxing or "salesmanship" to sell this land and water to even Orange County ranchers—the best judges of fruit and general farming land in America?

Motor out to Nuevo at the first opportunity. See what has happened in just 36 months. See another Orange County in the making. See land at \$250 an acre that will compare favorably with acreage held at \$500 to \$800 in Orange and Los Angeles Counties.

Are you tired of farming high-priced land? Of high water costs? Of soil that is not uniform? Of a low elevation? Do you want to live where the climate and altitude will add ten years to your life? Do you want land that should be worth four times the present price when your fruit, olive or walnut trees are in full-bearing?

Are you seeking a real California land opportunity for your boys? Do you want to know why scores of successful Orange County ranchers are locating in the fertile San Jacinto Valley? Write or call for new illustrated booklet filled with enthusiastic letters from former Orange County ranchers who have bought at Nuevo Ranch.

## The JAMES R. H. WAGNER Co.

401 Realty Board Bldg., 631 South Spring St., Los Angeles  
SANTA ANA OFFICE

402 North Sycamore Street Rossmore Hotel, Santa Ana  
Phone—Home 68; Sunset 127.

## WHAT A TRUST COMPANY CAN DO FOR YOU

Trust Company service is for everybody—for widows and orphans, for men of wealth and men of small estate, for women who have funds, for busy business men, etc. Let us tell you in how many different ways we can be of invaluable service to you.

## ORANGE COUNTY TRUST AND SAVINGS BANK

STOP LEFT-OVER COUGHS  
Dr. Bell's Pine-Tar-Honey will stop that hacking cough that lingers from January. The soothing pine balsams loosen the phlegm, heal the irritated membrane, the glycerine relieves the tender tissues, you breathe easier and coughing ceases. Don't neglect a lingering cough; it is dangerous. Dr. Bell's Pine-Tar-Honey is antiseptic and pleasant to take, benefits young and old. Get it at your druggist's today. Formula on the bottle. 25c.

Dr. Magill, Oculopath. Phone 866-W.

## PHONE MEN ENLIST IN SIGNAL CORPS

A fine example of how the big business interests of the United States may co-operate with the government in the prosecution of war is shown by the Pacific Telephone and Telegraph Company, which is organizing its western employees into signal reserve corps to be placed at the service of the government.

Three companies of signal reserve corps will be formed in the states of California, Oregon, Washington, Nevada and Idaho. They will be formed by volunteer enlistment from among the employees between 18 and 45 who can pass the examination for the regular army. The enlistment period will be four years.

This plan follows the idea of using the men where they are best fitted for service, rather than placing them in the fighting ranks. It gives full consideration to the question as to whether better service can be rendered to the country in military service or in the maintenance of efficiency in other service that may be military necessities.

The men who enlist in these companies may remain at their regular posts or be called to other points as the need or emergency requires. They receive liberal financial consideration, the telephone company paying them their full salary in addition to the government pay during the first year of service and full salary less what the government pays during the next twelve months. If further service is required, it is understood that the salary question will be provided for as it arises. Expenses, food and clothing are also provided for those who are called away from home.

**BUR-OAK \$3500**  
**Imported Black Jack**

Will make the season of 1917 at following places: Leo Borchard's ranch, Talbert; Sam Ellis' ranch, Greenville; B. P. Clannard, El Toro. For further information, write CHAS. GRIFFIN, 205 S. Flower St., Santa Ana.

## PRE-COOLING PLANT ACTION IS DEFERRED

ORANGE, April 24.—A special meeting of the stockholders of the Santiago Orange Growers' Association was held to consider amending the present by-laws and for the approval or rejection of plans for a pre-cooling plant.

Lacking the two-thirds representation of stock that is required before action can be taken on the matters, the meeting was adjourned without definite action on either question.

Power was voted to the directors, however to appoint House Foreman Perry V. Groat as a committee to canvass the stockholders and secure their vote on the propositions.

A two-thirds vote of approval is necessary to carry amendments to the by-laws while only a majority vote is necessary to assure the pre-cooling plant. As soon as the necessary approval from the stockholders is received the directors will go ahead with the plans.

## EL MODENANS FORM BODY FOR PROTECTION

EL MODENA, April 24.—Desirous of taking some steps toward the protection of self and property, men of El Modena formed an organization of peace officers to co-operate in emergency with the regular authorities.

About twenty-five or thirty men attended a meeting, which was held in the El Modena school. Constable Logan Jackson of Orange, had been asked to assist in the organizing and presented a few suggestions on the subject. J. A. Wood was elected leader.

## CUT THIS OUT—IT IS WORTH MONEY

—DON'T MISS THIS. Cut out this slip, enclose 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds, and croup; Foley Kidney Pills, for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic for constipation, biliousness, headache and sluggish bowels. Rowley Drug Co.

## SCHOOL BOYS AID BRITAIN IN WAR

BY F. W. GETTY  
(United Press Staff Correspondent)

LONDON, April 24.—The English public school boy is doing his little for England today.

Eton and Harrow, England's two great public schools, have given up "tuck shops" and creases until after the war.

The boys of Harrow decided on their own initiative not to buy any more pastry or candy at the tuck shops and not to have their trousers pressed while the war lasts. The boys of Eton had measures similarly restricting their gastronomics and their neatness thrust upon them. Bread, meat and sugar, the A B C's of the food controller's thou shalt not's, are included in the sweeping ordinance the youngsters of Harrow imposed upon themselves. They have agreed not to buy an article of food containing these three substances except during the regular hours for meals, and then to stay within the suggested limits each week. As for their tailors, they're going to cut them out altogether. The good old "under the mattress" hiding place will have to do the trick to keep the young Harrowians from looking as though they were ready to jump.

The Eton boys neglected to adopt similar measures in time and the teachers did it for them. Besides imposing strict regulations for the young Etonian's foddering, the faculty has decided to assist the railroads of the country by cutting down unnecessary travelling.

So the Eton boys won't have any vacations this year.

## FULLERTON RED CROSS MEMBERSHIP NOW 350

FULLERTON, April 24.—A membership of 350.

Three hundred and twenty-four dollars in the treasury.

The meaning of the Red Cross, its aims and purposes, made clear to hundreds.

These were the accomplishments in one day of members of the Fullerton branch of the American Red Cross in a campaign for new members.

All during one day members of the organization, wearing the crimson insignia of the society, kept stands throughout the downtown section, in the campaign.

During the afternoon the Red Cross workers stayed at their posts and until 8:30 in the evening the campaign went forward.

Serving further to arouse interest in the movement and lending a bit of vivid color and realism to the affair was the parade which moved through the downtown streets at 3 o'clock. More than a score of automobiles, decked with American flags and the symbol of the Red Cross, took part in the procession which was headed by the fire truck.
